Senior Status Report: Assessments - 2021

Executive Director of Assessment, Research, and Evaluation Dr. Darin Kelberlau provided the board with the senior status report. This report was pulled on May 10, 2021 and reflects the number of seniors who have, or are on track to earn, the required credits for graduation, but have not passed the required district assessments in order to receive a diploma. Dr. Kelberlau said he was happy to report that as of today, all students have passed their required district assessments.

Committee on American Civics Report

Associate Superintendent of Educational Services Dr. Heather Phipps said during the 2019 Legislative Session, the Governor signed LB399, referred to as the “Americanism” bill because of its requirements regarding American history and civics

instruction in the classroom, into law. As required in the statute, this is the annual report on the Committee on American Civics.

Mr. Pate voiced concerns regarding the Nebraska Department of Education (NDE) infusing critical race theory and The 1619 Project into social studies standards. Dr. Heather Phipps explained the process for updating instructional frameworks as well as selecting curriculum and materials that will be used. Mr. Pate said he would like to make sure the committee that is selecting the curriculum is made up of staff who have different viewpoints so that all groups are represented.

Mr. Kennedy also voiced his concerns about the NDE having The 1619 Project information listed on its website. Mr. Kennedy said he doesn't trust the NDE and believes they are trying to push The 1619 Project and he is worried about this creeping into our district.

Dr. Sutfin said we are not going to give up local control. He said we have a curriculum adoption process that works and we will continue to use this process when adopting frameworks and selecting curriculum.

Mrs. Amanda McGill Johnson said she has no specific opinion on and has not researched critical race theory and The 1619 Project. Mrs. McGill Johnson said she does think we should examine different perspectives and viewpoints in history and make sure we are representing people of color and what has happened throughout our American history.

Legislative Update

Executive Director of Activities, Athletics & External Affairs Nolan Beyer provided the board with a legislative update. Mr. Beyer said tomorrow will be the 79th day of the session. Mr. Beyer said the speaker has announced that they will adjourn on May 27th. The speaker has asked all the senators to reserve May 28th if needed to have one additional day. Tomorrow is the last day for bills to advance off of select file and have enough time to get through final reading and overcome a veto if needed.

Mr. Beyer said we have two bills up tomorrow on select file that we have been waiting for. The first being LB529, which are the lottery funds. Senator Murman attached LB147 to this bill. We have opposed this bill for several years. This bill gives the teachers more control over removing students from the classroom.

Mr. Beyer said the second bill they anticipate tomorrow will be LB528. Mr. Beyer reminded the board that Senator Wayne has filed an amendment on LB528, which is the clean up bill. This amendment would eliminate option enrollment. Mr. Beyer said they are prepared to protect option enrollment with everything we have. This bill would take away parents' right to school choice.

District Update

Dr. Sutfin provided the board with an update on how the district is responding to COVID-19. Dr. Sutfin shared the number of current active cases of COVID-19 we have in the district. Dr. Sutfin said the decrease in our numbers is outstanding and they have been going down since vaccinations have become available.

Dr. Sutfin shared two versions of guidance received from Douglas County Health. This guidance will help us develop our COVID response moving forward with the current information they have available. Dr. Sutfin shared with information they have available right now, it is reasonable to expect the following response if an individual comes into close contact with another individual who is positive with COVID:

- Students or staff members who were wearing a mask would continue to wear a mask and monitor for symptoms.
- Students or staff members who are fully vaccinated would monitor for symptoms.
- Students or staff members who were not wearing a mask and are not fully vaccinated would quarantine.

Dr. Sutfin said this health guidance continues to evolve regarding the pandemic and may change moving forward depending on case rates, vaccination rates, and local data. Dr. Sutfin shared what he thinks the plans will be for the fall as of today.

- Masks are optional and encouraged if you have not been fully vaccinated.

- Mask choice is based on personal responsibility while thoroughly understanding the consequences of personal decisions.
- Under the direction of the health department, masks may be required for a set time period if there is an outbreak in a classroom, grade level or building.
- Under direction of the health department a classroom, grade-level or school may be closed due to an outbreak.
- The district is still discussing Vocal music and developing guidance.
- Communication will begin with families in June with initial direction.
- We are hearing that elementary students will not be eligible for the vaccine until September at the earliest.
- We anticipate a full re-opening in the fall.
- We will continue with enhanced cleaning procedures.

Dr. Sutfin said that it will be about personal choice and responsibility. Dr. Sutfin stressed what he said earlier regarding students or staff members who were not wearing a mask and are not fully vaccinated. If they have a close contact with an individual who is positive with COVID they would be required to quarantine. He said parents will have to understand the consequences of their personal choice and decision. Dr. Sutfin said this is the direction that we appear to be going.

Dr. Sutfin also shared the tentative cleaning protocols for the fall. He also shared that we are partnering with Children's Hospital to provide vaccination information to families. Dr. Sutfin shared the video that was sent to families yesterday.

Mrs. Poole reminded the Board of future agenda items and said this is the proper time for public questions and comments. There were no requests to speak on non-agenda items.

I. Implementation of Assessment System

In accordance with Policy 6301 and Rule 6301.1, the District shall use all reasonable efforts to provide adequate measurement by:

The Millard Essential Learner Outcome Assessments of College and Career Readiness (ELOACCR) are the standard for assessments in the Assessment System. The intent of the assessment system is to ensure that the achievement levels established by the Millard Essential Learner Outcome Assessments of College and Career Readiness (ELOACCR) have been met. A student may demonstrate successfully meeting the achievement levels established by ELOACCR when a student is able to meet any of the benchmarks set forth below. When a student successfully meets the required achievement levels as set forth below, the student will no longer be required to complete other assessments in the system.

If a student does not meet benchmarks on the District Essential Learner Outcome assessments, additional opportunities are available to demonstrate student proficiency.

If a student does not meet benchmarks on the District Essential Learner Outcome assessments and the student is verified with a disability or has a 504 Accommodation Plan, then the IEP or 504 Team will reconvene to review the education plan and may consider lowering the College and Career Readiness metric requirement as part of the IEP or 504 Accommodation Plan.

The hearing shall be conducted in closed session and in accordance with the student privacy laws unless the student, parent(s), and/or guardian(s) shall request, in writing, that the hearing be held in open session. Any formal action of the Millard Board of Education or committee shall be taken in closed session unless such proceeding was requested by the student, parent(s), or guardian(s) to be held in open session.
- I. The decision of the Millard Board of Education or committee shall be by vote of a majority of the members of the Millard Board of Education and the Millard Board of Education or committee shall reduce its findings and decision to writing and provide the written findings and decision to the student, parent(s), and/or guardian(s) within ten (10) days of the hearing. If High School agrees to purchase the textbooks, or if students wish to own the textbooks, they may purchase them at an MCC bookstore, <http://www.mccneb.edu/bookstore.asp>. MCC will provide CE instructors access to the MCC Blackboard system upon request.
7. High School officials will work with the MCC Secondary Partnerships Office to determine the most effective registration method. High School CE students must complete the registration process before the Late Registration deadline. To register for a CE class after the deadline, the student must complete an appeal process.
8. High School, working with MCC, will determine the course start and end dates to ensure sufficient class time.
9. No payment from MCC is available to CE instructors who are employed by the high school. MCC does not reimburse High School instructors for additional costs, such as mileage and travel time.
10. It is the responsibility of High School to communicate with the appropriate MCC Academic Dean/ Associate Dean regarding any requests for possible changes in the approved course(s) including changes in the course outline, textbook or instructional staff. A course syllabus for each class, prepared by the instructor, must be filed at the appropriate Academic Dean's office no later than the end of the first week of instruction.
11. All MCC policies and procedures, including, but not limited to, dates for tuition payment and/or refunds, drug free schools/communities, nondiscrimination, proper classification of employees, E-Verification of new employees, and FERPA will apply to the course(s), registered students, and instructors. Nothing herein shall be construed to supersede or void High School policies and rules.
12. MCC and High School will jointly agree on and document the location of CE course(s). MCC Secondary Partnerships Office, the MCC Academic Dean/ Associate Dean, the High School Official, and the instructor are notified prior to any change in location.
13. The instructor of a CE course will assign and report all midterm, quarter, semester, and final progress reports to High School as required, and must report the final course grades to MCC. MCC grades are due, via MCC's grading software, within 48 hours after the end of the course.

14. High School will return to MCC the “GRID” spreadsheet with desired CE courses for the following academic year by June 15 of the preceding year. This allows adequate time for MCC and the school district to make appropriate plans for educational success.

C. SERVICES:

1. Upon completion of a course, students may complete the required form to receive an MCC transcript with the appropriate MCC course title, credits, and grade. The approved course may be transferable to other institutions based upon the criteria of the other institutions.
2. MCC staff may periodically contact CE instructors and visit CE classes offered at High School to enhance communication between those involved, to ensure the section of the course remains rigorous and comparable to the same course at MCC, and to assure High School’s and MCC's expectations of the course are met. MCC will provide advance notice and comply with any security procedures in place at the school.
3. With approval of High School administration, and using standards and procedures established by MCC, MCC will observe and provide feedback and recommendations to CE instructors. With approval of CE instructor, MCC will provide a report to High School administration, with the goal of working cooperatively to improve student outcomes.

D. TERMINATION OR ADJUSTMENTS OF AGREEMENT:

1. This Agreement will be subject to annual review. Either party, for any reason, may terminate this Agreement upon written notice forty-five days prior to the beginning of a high school semester. Written notification of cancellation must be provided to the following: MCC Secondary Partnerships Office, MCC Academic Dean/Associate Dean, High School administration, and CE instructor.
2. The MCC Board of Governors (Board) reserves the right to make adjustments to the terms of this Agreement if found to be in violation of law, MCC Board policies, or any negotiated agreement between the MCC Board and an MCC employee group. Any such changes must be communicated to and accepted by High School.

E. GENERAL PROVISIONS:

1. **Nondiscrimination Clause**
In accordance with the Nebraska Fair Employment Practice Act, Neb.Rev.Stat. §48-1122, and College policy, both Parties agree that neither Party, nor any of their subcontractors, if any, shall discriminate against any student, employee, or applicant for employment, to be enrolled in the CE program or employed in the performance of this Agreement with respect to enrollment, hire, tenure, terms, conditions, or privileges of enrollment or employment because of the age, race, color, religion, sex, sexual orientation, gender identity, transgender status, disability, national origin, prior or current military service, protected veteran status, or the student, employee or applicant’s membership in any other class that is protected by applicable local, state or federal law or regulation.
2. **E-Verification**
Pursuant to Neb.Rev.Stat. §§ 4-108 through 4-114, High School is required, and hereby agrees, to use a federal immigration verification system to determine the

work eligibility status of new employees physically performing services within the State of Nebraska. High School is further required, and hereby agrees, to require that all subcontractors, if any, use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska. Federal immigration verification system means the electronic verification of the work authorization program of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of a newly hired employee pursuant to the Immigration Reform and Control Act of 1986.

3. **Classification of Workers**

High School, and all lower-tiered subcontractors under High School, if any, shall properly classify all workers as either employees of High School or lower-tiered subcontractors, if any, or as independent contractors according to applicable law, and shall treat them accordingly for purposes of workers' compensation insurance coverage, unemployment taxes, social security taxes, income tax withholding and any and all other payments or benefits incident to or affected by such status.

High School, and all lower-tiered subcontractors under High School, if any, utilizing the services of workers who are properly and according to applicable law **not** classified as employees under this subsection, shall provide written notice to said workers of their status as independent contractors. Said notice shall include a provision advising said workers that they are not eligible for workers' compensation insurance coverage, unemployment taxes, social security taxes, income tax withholding and any and all other payments or benefits incident to or affected by such status, from High School or lower-tiered subcontractor(s), if any. Copies of such notices shall be made available to MCC upon request.

Failure by High School, or any lower-tiered subcontractor engaged by High School, if any, to fully comply with the terms of this provision shall be considered and treated by MCC as a material breach of this Agreement.

AGENDA SUMMARY SHEET

Agenda Item: Revisions to School Calendar for 2021-2022

Meeting Date: June 7, 2021

Background/Description: 2021-2022 Student School Calendar

The 2021-22 Student School Calendar is being brought back to the Board of Education with changes.

- 1) Snow days are being removed from the calendar. Snow days are no longer included in Millard's calendar due to our ability to go remote on inclement weather days. Our [District website](#) has information for parents regarding inclement weather plans. Buildings also communicate specific information to families.
- 2) As our district recovers from the pandemic, two days are being devoted to more district professional development time and work time for teachers. On Tuesday, September 7 (day after Labor Day) and Wednesday, January 5 (day after winter break) district professional development will be the focus including but not limited to building data digs, support for new staff, and PLCs. Half of the day will be devoted to professional development and half of the day will be devoted to teacher work time. This additional professional development and teacher work time will allow staff to participate in this much needed recovery work that focuses on the unfinished teaching and learning. This professional development and work time also will allow staff to not miss class and require a substitute teacher.
- 3) The revised calendar has 178 student days to accommodate this extra professional development and teacher work time.
- 4) The last day of school is May 26, 2022.

Action Desired: Approve the revised 2021-2022 calendar

Policy / Strategic Plan Reference: Each year, the Board of Education shall approve a school calendar for the ensuing two years. (Policy 6020)

AGENDA SUMMARY SHEET

Agenda Item: Approve 2021-2022 High School Calendars

Meeting Date: June 7, 2021

**Background/
Description:**

The attached high school calendars were created from the revised 2021-22 District student calendar on the agenda tonight for Board approval.

High schools have a similar calendar to previous years. High schools are flexing time for some grades due to freshmen orientation in August and to accommodate state and District required testing in October and April.

If there are any other deviations from these calendars, it will be according to Rule 6020.2, which allows the board and/or superintendent to dismiss school in emergency situations.

These calendars are published by each school and will also be available on the school website.

Action Desired: Approve the 2021-2022 High School Calendars

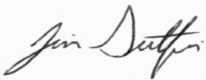

**Policy /
Strategic Plan**

Reference:

Parameter - We will always communicate effectively, both internally and externally, in order to implement our Strategic Plan, operate our schools, and maintain high levels of student, staff, family and community support.

AGENDA SUMMARY SHEET

Agenda Item: Update on the Impact of COVID - Return to Thriving

Meeting Date: June 7, 2021

**Background /
Description:**

As we prepare for the 2021-22 school year, data has been collected and analyzed to identify the gaps or deficiencies that have occurred and to prepare for recovery planning.

Action Desired: Informational

**Policy /
Strategic Plan
Reference:**

District Strategic Objectives:

All students will meet or exceed district and state standards; the achievement gap between subgroups will decrease annually; and overall performance on district, state, and national assessments will increase annually.

Individual student growth on district, state, and national assessments will increase annually and exceed national targets.

Responsible Person(s): Dr. Darin Kelberlau, Dr. Kim Saum-Mills, Dr. Heather Phipps, Dr. Tony Weers

Superintendent's Signature:

CONCURRENT REMOTE LEARNING

Remote learning was an important choice for 15% - 18% of our families during the first semester. During the second semester as COVID case numbers continued to decline, more remote students chose to come back to in-person learning. We ended the school year with 1483 students learning remotely.

On average, the Spring 2020-21 MAP scores by grade level were approaching the levels from the 2018-19 school year. However, Kindergarten and 7th grade were above the respective scores in Spring 2019.

[^] - Adjusted scores due to NWEA rescaling items on K1 MAP test items

Reading MAP scores were slightly lower than the scores two years ago. 4th grade was higher than 2018-19. 1st, 3rd, 6th, and 8th grades were lower, while the remaining grade levels were very similar.

MAP Growth Results (Student Growth Summary Report - NWEA)

Note: All students in grades kindergarten through 8th grade complete the MAP test in mathematics and reading. Most 9th graders complete the MAP tests and some 10th - 12th graders. NWEA offers flexibility in their suite of tests. There are the K-2 (audio supported), 2-5, and 6+ tests. Millard administers the 2-5 (non-audio supported) test to all 2nd graders.

The following graphs show growth on MAP by grade level as compared to national levels. The diamonds indicate typical national growth per grade level. The vertical bars are observed growth by Millard students within the same time frame per grade level. Growth is defined by NWEA as the average change in RIT scores from one season to another.

Mathematics

Figure 2
Fall to Spring 2018-19 Math MAP Growth Data

The figure to the right showed nearly all grade levels exceeded national averages for mathematics from Fall to Spring of 2018-19. For the few that did not exceed, they were at, or nearly at, the national mark.

Figure 3
Fall to Spring 2020-21 Math MAP Growth Data

For the most recent school year, 2020-21, all grade levels exceeded national growth levels for mathematics. Some grades (Kdg, 2nd, 3rd, 4th, and 5th) far exceeded the national marks.

Reading

Figure 4
Fall to Spring 2018-19 Reading MAP Growth Data

In 2018-19, the majority of grade levels met or exceeded national growth marks. 6th, 7th, and 8th grades were less than their respective national projections. Other grade levels far surpassed their respective levels -- Kindergarten, 1st, 2nd, and 3rd grades.

Figure 5
Fall to Spring 2020-21 Reading MAP Growth Data

Many grade levels had strong reading growth for 2020-21. Kindergarten, 2nd, 3rd, 4th, and 5th grades all met national group projections. There were a few grade levels that had lower amounts of growth -- 1st, 6th, 7th, and 8th.

GAPS & DEFICIENCIES

The MAP results indicated that there was strong growth in both curricular areas for the majority of grade levels. On average, reading scores are rebounding to approximately the levels of Spring 2019. While mathematics scores were slightly lower than two years ago, MPS did experience considerable growth within the school year of 2020-21. We continue to analyze student level results, comparing the current score with the pre-covid score for both curricular areas.

CREDIT DEFICIENCY

One of the data points that we studied for our 9-12th grade students was credit deficiencies. Keeping all of our high school students on track for graduation was important as we navigated through the pandemic in 2020-21. One data point we analyzed that is represented in the tables below was our in-person fail rate v. our remote learner fail rate at the high school level. For the Spring Semester, Table 3 below illustrates that remote learners had more than double the failure rate than their in-person peers. Failure rates for the Spring Semester for both in-person and remote learners decreased from the Fall Semester. The in-person failure rate was slightly higher (1.5%) than the Spring Semester in 2018-19.

Table 3
HS Grade Distribution

The table below shows the percent of high school students who had two or more 5s during the first semester for each of the last three school years.

Year	2018-19		2019-20		2020-21			
	Fall	Spring	Fall	Spring	Fall		Spring

Failure Percent	8.6%	8.4%	8.9%	NA	11.4%	32.6%	9.9%	21.6%

*In-person students are defined as any student who was enrolled in the classroom for the majority of the time (50%+).

CREDIT RECOVERY

High Schools offered credit recovery throughout the academic year as well as a “Spring Break Boot Camp” in April 2021. There will also be a “Credit Recovery Camp” in summer school.

RECOVERY PLANNING

During our annual Strategic Planning progress check, we gathered building and district leaders to discuss threats and opportunities of the COVID Pandemic. Based on these conversations, we established themes to address as we plan for the 2021-22 school year. We sought input from external stakeholders such as our Superintendent Parent Advisory. We also asked principals to seek input from their staff and parents via their School Improvement Teams and other leadership teams. Based on this input, we have created a plan for recovery.

The purpose of this plan is to help provide district focus for our district and building professional development time and operational plans. We will utilize the systematic structure of our pie planning process to create professional development plans and operational protocols that will be shared with administrators at our annual Building Learning Day scheduled for May 27, 2021. Several district departments and building leadership have been involved in developing this plan.
