

6605: JOURNALISM

The District recognizes that student journalism is an important element of the curriculum and, therefore, supports the publication of newspapers, annuals, and magazines as a part of the District curriculum through print or any other written or electronic medium. District classrooms, buildings, grounds, and all District property, facilities and instrumentalities constitute a non-public forum. Print or electronic publications which are a part of the curriculum shall be subject to the control of the classroom instructor and building principal, and shall comply with applicable District policy and rule regarding use of school facilities and property.
