

7310: CYBERSECURITY PROTECTION MEASURES

The District will implement cybersecurity protection measures consistent with Federal, State, and District requirements. The District will take all reasonable steps to protect the online privacy of staff and students. The operation and use of Millard Public School's technology resources by staff, students, vendors, and guests shall be consistent with this policy. All staff and students shall be educated about appropriate online behavior, including interacting with other individuals online, cyberbullying awareness, and how to report inappropriate online interactions. The Superintendent or their designees are authorized and directed to establish and enforce procedures to implement this policy.
