TITLE AND BRIEF DESCRIPTION: Designation of Official Newspaper

ACTION DESIRED: Approval Information Only

BACKGROUND: In accordance with Nebraska law and district policy, advance publicized notice is made before regular and special Board of Education meetings by a method designated by the Board and recorded in the minutes.

Since January 12, 2004, the Daily Record has been designated as the official newspaper. The Daily Record also is the official newspaper for the City of Omaha and County of Douglas. In the event that a special meeting is called after the deadline has passed for the Daily Record, the meeting is advertised in the World-Herald or Midlands Business Journal (MBJ).

In addition to publication in the official newspaper, the school board meeting schedule is listed in the district calendar, Board Briefs newsletter, and district web site. Agendas are placed on the web site and posted on the bulletin board in the lobby of the Don Stroh Administration Center on Fridays before the meetings.

OPTIONS AND ALTERNATIVES: The Daily Record charges 60 cents per line; circulation is 3,500. The Midlands Business Journal charges 68 cents per line; circulation is 4,000. AGENDA ITEM: Designation of Official Depository

MEETING DATE: January 11, 2010

DEPARTMENT: General Administration

TITLE & BRIEF DESCRIPTION: Designation of Official Depository – Taking official action to designate which institutions will be used for depositing school district funds during the coming year.

ACTION DESIRED: Approval Discussion Information Only

BACKGROUND:

School districts are required by Nebraska statutes to officially designate which financial institutions they will be using for the purpose of depositing funds. This action is taken at the organizational meeting each year.

Currently, the First National Bank of Omaha is providing all of our banking services except for some activity fund related services which are provided by Wells Fargo Bank, US Bank, Omaha State Bank, First Westroads Bank, and Great Western Bank.

School district funds are also invested in the Nebraska Liquid Asset Fund. This is a statewide investment pool that provides short-term investment opportunities for Nebraska school districts and ESU's.

OPTIONS AND ALTERNATIVES: We could change depository institutions to other qualified institutions.

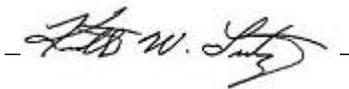

RECOMMENDATION: It is recommended that the district designate the First National Bank of Omaha and the Nebraska Liquid Asset Fund as the primary depositories for school district funds with the further designation of Wells Fargo Bank, US Bank, First Westroads Bank, Great Western Bank, and Omaha State Bank for school activity fund deposits.

ACTION DESIRED: Approval Discussion Information Only

BACKGROUND: Near the end of the 2009 school year, it was discovered that some of the roof top units (RTUs) on Cather Elementary School were failing and required replacement.

This project was discussed at an earlier committee meeting. The bid tab and the architect's letter are attached.

On the bid tab, Alternate #1 is a re-roofing of the media center area and Alternate #2 is the replacement of an old exhaust fan.

The low bid for the project (with both alternates included) was below the architect's estimate for the project.

OPTIONS AND ALTERNATIVES: n/a

RECOMMENDATION: It is recommended that the contract for the Cather summer construction project be awarded to D. R. Anderson in the amount of \$936,000 and that the associate superintendent for general administration be authorized and directed to execute any and all contract related to such project.

RE: Millard Public Schools – Phase I Roof Replacement and Mechanical Roof Top
 Unit Replacement at Cather Elementary
 BVH Project No. M09067

Dear Mr. Fossen,

On Tuesday, December 22, 2009, bids were received to re-roof portions of Millard Cather Elementary School and to install five new roof top mechanical units.

Bids were accepted from General Contractors for the roofing and mechanical/electrical work. A total of five (5) bids were received for this work. **The low bid received was from D.R. Anderson Constructors in the amount of \$936,000**, and includes both bid alternates. This bid is below the budgeted construction cost of \$975,000.00.

D.R. Anderson is the same contractor who completed a similar project at Sandoz Elementary in 2007, and they are a well qualified General Contractor. We recommend acceptance of their bid, including both alternates.

A representative from both Bahr Vermeer Haecker Architects and Morrissey Engineering will be attending the School Board meeting in January, should any questions arise.

A copy of the bid tab is attached.

K-12 Transfer of Students within the District

5110.1

- I. K-12 Within-District Transfers
 - A. A parent of a Kindergarten through twelfth grade student who is currently enrolled in the District may submit a request to have his/her student attend a different school or special program during the current or next school year. Such requests shall be made in accordance with the following procedures.
- II. Student Eligibility for Within-District Transfers
 - A. Any K-12 student whose parents reside in the District attendance area.
 - B. Any K-12 student who is currently attending the District under Option Enrollment.
 - C. Any K-12 student who has been accepted into a specific building under the Open Enrollment provision as long as the request is for the subsequent year in which enrollment was granted.
- III. Limitations and Restrictions on Student Eligibility
 - A. Students will not be allowed to transfer to another school during suspension or expulsion. A student's disciplinary record will be considered and students with extensive disciplinary records will not be considered for transfer unless it is determined to be in the best interests of the student or the school.
 - B. The within-district transfer policy will not apply to or alter a student's mandatory reassignment.
 - C. If the student is in a special education program, the approval recommendation of the Director of Special Education will be based upon the student's individualized education program and educational needs; class size; related service needs; transportation arrangements as may be required by law; the allocation of specially trained staff and personnel; facility issues; and the allocation of equipment or materials necessary to provide an appropriate education program.
 - D. If the student receives ELL services, the recommendation of the Superintendent or designee will be based upon the student's educational needs and the allocation of specially trained staff and personnel.
- IV. Conditions of Transfers
 - A. Student Withdrawal from Special Program: Any student approved for a within-district transfer to attend a special program in the District who subsequently withdraws from participation in such program shall have his/her within-district transfer approval revoked. Such student shall be reassigned to the school he/she would have attended if the within-district transfer had not been approved.
 - B. Students of parents who move from one school's attendance area to that of another within the District during the school year may continue attending the original school if the parents apply for a transfer even though the original school is closed to transfers for students who have not been attending that school.

- C. Once a student is transferred to a particular school, the parents need not re-apply unless they want the student to transfer back to the student's home school or to another school at the same level (elementary school, middle school, or high school) in the District.
 - D. Within-district transfers are only for the educational level (elementary school, middle school, or high school). As the student moves from elementary into middle school or from middle school into high school, another within-district transfer must be filed. If not, the student will attend their assigned school.
 - E. The Superintendent or designee may reassign a student should it be determined that circumstances justify such reassignment.
 - F. Once a transfer is approved, every effort will be made to make the transfer permanent; however, the District reserves the right to reassign transferred students back to their home school in order to maintain enrollment limits on an annual basis.
 - G. Unless special safety, health, or program issues are involved, no student will be granted more than one transfer per school year.
 - H. Siblings will not be considered a factor in the approval process for within-district transfer requests.
- V. Transportation
- A. Transportation for students who transfer within the District must be provided by the student's parents or legal guardian unless as otherwise required by law.
- VI. Within-District Transfer Applications
- A. A Within-District Transfer Request Form should be completed and returned to the Office of Pupil Services.

FRN News and Advocacy Issues

NSBA recommends the immediate suspension of restructuring sanctions against schools and local school districts, pending the adoption of amendments needed to address accountability flaws under the No Child Left Behind (NCLB) Act. Several priority issues involving current legislation include:

- Reauthorization of the Elementary and Secondary Education Act (ESEA), to amend NCLB so the program or any subsequent accountability program is free from the policy and operational flaws contained in current law, and to amend the narrow, high-stakes testing approach and instead support state and local efforts to provide a 21st century education to all students that includes higher-order, critical thinking and problem-solving skills;
- Reauthorization of the Individuals with Disabilities Education Act (IDEA), to provide for policy changes to address emerging issues associated with students with disabilities;
- Federal funding to meet the needs of all eligible Title I students; make good on Congress' promise to fund 40 percent of the cost of IDEA services; support early childhood education programs at the state and local level; permanently protect the E-rate program; and assist state and school district efforts to attract and retain effective teachers with an emphasis on hard-to-staff schools and high-need subjects; and,
- Ending of federal funding of school vouchers.
