MILLARD PUBLIC SCHOOLS SCHOOL DISTRICT NO. 17

A meeting was held of the Board of Education of the School District No. 17, in the County of Douglas in the State of Nebraska. The meeting was convened in open and public session at 6:00 p.m., Monday, November 21, 2011, at the Don Stroh Administration Center, 5606 South 147th Street.

Present: Dave Anderson, Mike Pate, Mike Kennedy, Linda Poole, Patrick Ricketts, and Todd Clarke

Notice of this meeting was given in advance thereof by publication in the Daily Record on Friday, November 18, 2011; a copy of the publication is being attached to these minutes. Notice of this meeting was given to all members of the Board of Education and a copy of their Acknowledgment of Receipt of Notice and the agenda are attached to these minutes. Availability of the agenda was communicated in advance notice and in the notice of the Board of Education of this meeting. All proceedings hereafter shown were taken while the convened meeting was open to the attendance of the public.

At 6:00 p.m. Dave Anderson called the meeting to order and announced the Public Meeting Act is posted on the wall and available for public inspection. Mr. Anderson asked everyone to say the Pledge of Allegiance

Roll call was taken and all members were present.

Motion by Linda Poole, seconded by Mike Pate, to approve the Board of Education Minutes from November 7, 2011, to approve the bills, and receive the treasurer's report and place on file, upon roll call vote, all members voted aye. Motion carried.

Showcase highlighted students who are National Merit Semi Finalist, and commended students from the three high schools.

Superintendent's Comments:

- 1. Thanksgiving break will be Thursday and Friday of this week.
- 2. Angelo Passarelli continues to meet with the calendar committee, because the group has not yet come to consensus at this time.
- 3. The American School Board Journal has asked Dr. Lutz to join the panel in judging the Magana Awards on December 1 and 2, 2011. He is in the process of reading 33 nominations.
- 4. There is a meeting on December 16th with the Governor to talk about a variety of topics.
- 5. Winter break will be December 22, 2011 through January 4, 2012.
- 6. In December there be a polling exit survey done.

Board Comments:

Mike Pate attended the Metropolitan Area Boards of Education meeting where they talked about the perceptions of the Learning Community.

Mr. Pate reported at the Learning Community board meeting last week an amended version of scenario #1 of the redistricting boundaries was approved. He raised some concern about the methodology that went into the amendment of the original scenario one indicating that last month the board was in consensus for scenario one\that was presented by MAPA, except for Omaha Public Schools, who brought up different scenarios not presented by MAPA. One suggestion was that the boundary lines should be based on student population and the other based on the location of elementary schools. The amended scenario one included input form two of the OPS representatives, or who reside within the OPS boundaries, but did not appear to affect the representation but it could not be determined at that meeting. Mr. Pate said he didn't like the methodology and the way the amendment was done because it was done with just two people making a recommendation in their sub-councils upon which then the Executive Committee of the Learning Community made the final decision on the recommendation, and this was not the correct protocol. Mr. Pate voted for the amended scenario one, because it didn't affect sub-council #4 boundaries, which Millard is in.

Linda Poole attended the NASB State Education Convention last week, and also attended the NASB Board of Directors meeting. Mrs. Poole reported that she, Dr. Lutz and Amy did their presentation on "lessons learned" at the convention, and she said she Board of Education Minutes November 21, 2011 Page 2

received many positive comments about the presentation. She thanked Dr. Lutz and Amy Friedman for going with her to North Dakota and they went to South Dakota to present on "lessons learned." She said it was very important to educate other people.

Mrs. Poole also noted that the Anne Bryant, Executive Director of the National School Boards Association, attended Millard's presentation on "lessons learned." Mrs. Poole received an email from Ms. Bryant thanking Linda for sharing the experience in Millard. Mrs. Poole also advised Ms. Bryant that the district was not joining the national affiliate program this year, and Ms. Bryant encouraged the district to reconsider and join again.

Mrs. Poole and Dave Anderson attended the session with Governor Heineman, Senator Adams and Dr. Breed on P-16 committee and what is going on there. They also talked about the state assessment system and the upcoming state accountability system.

Mrs. Poole also attended the delegate assembly where no questions came forward on any of the resolutions or standing positions.

Mrs. Poole congratulated Dave Anderson, because he is now officially President-Elect of Nebraska Association of School Boards, and next year will be president.

Mrs. Poole made a comment about her disappointment that the bond issue didn't pass, but more on the media coverage that the district received on the bond issue. She said she wished the World Herald would double check their sources, because in one instance in a follow-up story both Dave and Linda were contacted and asked to respond to five questions and then when she responded to the questions the paper didn't use any of what she said. It was disappointing when a reporter asks for information and then doesn't print it. If asked again she would have to reconsider whether she would respond to them or not.

Pat Ricketts said he attended the NASB Convention, and said that Dr. Lutz, Amy Friedman, Linda Poole did a great job on "lessons learned", and Chad Meisgeier on legislation. They all did a good job in their session presentations. Mr. Ricketts thanked Linda and Dave for their roles in the Nebraska Association of School Boards.

Mr. Ricketts attended the session with the Governor and commented that the Governor did use Millard high schools as an example in the graduation rates, which all have surpassed his goal.

Mr. Ricketts said he was disappointed that the bond issues didn't pass, but he was disappointed for the students of Millard. The lists will continue to grow, and both the board and the administration will do everything they can to provide the students with a world class education from this world-class community, and continue strategically to move forward with the best interest of the Millard community. Mr. Ricketts commented on the fact that Millard has the second lowest per pupil costs in the Learning Community and spends less than the state average, and that Millard has been responsible stewards managing those funds.

Mr. Ricketts said he does question the merits of the phone survey that was done and would like to discuss different surveying methods or techniques at a future committee meeting.

Dave Anderson reported that at the NASB Area Membership meeting Mike Kennedy earned a Level III and Mike Pate earned a Level VI Award of Achievement from the Nebraska Association of School Boards for their participation in board activities.

Mr. Anderson said the article on the voluntary separation program done by the World Herald was certainly a negative connotation in the article, and the community should understand that the slant of the article was to show that some board of education's do not know what the program does, but Millard board members do understand the voluntary separation program, and it has been a negotiated benefit, so it could be something amended at a future time. It has saved millions for the school district he pointed out, and like any other program it has to be reviewed, analyzed, and determined if it makes sense for the district. Mr. Anderson indicated it was unfortunate that the program was not looked at in its totality, and wished the analysis of the numbers provided to the World Herald would have been in an article as well.

Mr. Anderson said in regards to the bond issue the district was beat significantly, and clearly the community has spoken in a variety of ways, so the district will survey the voter population as to the reasons and issues, and then the district will have to regroup and reprioritize, and will determine the next steps. Mr. Anderson said the board will certainly listen to the community and adjust accordingly.

Board of Education Minutes November 21, 2011 Page 3

Elisha Desmangles, student representative from Millard North High School and Ryan Hogan, student representative from Millard South High School updated the Board on the academic and athletic activities that have taken place at their respective high schools.

Motion by Linda Poole, seconded by Pat Ricketts, to approve Job Description 2100.13 - Director of Athletic and Activities, upon roll call vote, all members voted aye. Motion carried.

Motion by Linda Poole, seconded by Todd Clarke, to reaffirm Policy 4115 – Human Resources – Access to Personnel Files, upon roll call vote, all members voted aye. Motion carried.

Motion by Linda Poole, seconded by Todd Clarke, to approve Rule 4115.1 – Human Resources – Access to Personnel Files, upon roll call vote, all members voted aye. Motion carried.

Motion by Pat Ricketts, seconded by Linda Poole, to approve Rule 5110.1 – Pupil Services – K12 Transfer of Students within the District, upon roll call vote, all members voted aye. Motion carried.

Linda Poole provided the first reading of Policy 5200 – Pupil Services – Attendance. This policy will be on the next board agenda for approval.

Motion by Linda Poole, seconded by Mike Pate, to approve the Resolution regarding Enrollment Standards for the Open and Option Enrollment Programs for 2012-2013 school year, upon roll call vote, all members voted aye. Motion carried.

Motion by Mike Pate, seconded by Linda Poole, to approve the Within-District Transfer Guidelines for the 2012-2013 School Year, upon roll call vote, all members voted aye. Motion carried.

Motion by Pat Ricketts, seconded by Todd Clarke, to approve the 2012-2013 Curriculum Handbooks for High Schools, upon roll call vote, all members voted aye. Motion carried.

Motion by Linda Poole, seconded by Mike Pate, to approve Personnel Actions: Resignation Notification Incentive: Jaime A. Blankenship, Susanne K. Childers, Diane R. Christenson, Rick W. Hook, Clara G. Hoover, Dr. Linda D. Horton, Katherine Sanabria, Mark L. Shields, Lucy Schlesinger, Megan Stump, and Jill E. Weddington, and Voluntary Separation Program: Susanne K. Childers, Rick W. Hook, Dr. Linda D. Horton, Leonard E. Sagenbrecht, and Katherine Sanabria, upon roll call vote, all members voted aye. Motion carried.

Reports included: The United Way Campaign, the Millard Foundation Campaign, an Elementary Learning Center Report, the Summer Projects, and the AYP Report.

Pupil Services Attendance

Regular and timely attendance furthers the benefits of instructional programs, aids in the development of selfdiscipline and responsibility, and minimizes disruption of the educational process. Children who are of the mandatory attendance age, or who are younger than mandatory attendance age and are enrolled in any public school, are required to attend school each day the school is open and in session, except when excused by school authorities, the child has graduated from high school, or attendance is otherwise excused by law. By District Rule, the principal or principal's designee shall determine when a student is excessively absent. District students may be excused from school provided they meet the requirements of applicable law, and District Rule., and the guidelines adopted by the school principal or principal's designee.

INDEPENDENT AUDITOR'S REPORT

Board of Education School District #17 - Millard Public Schools Douglas County, Nebraska

We have audited the accompanying cash basis financial statements of the governmental activities, each major fund and the discretely presented component unit of School District #17 – Millard Public Schools, Douglas County, Nebraska (the "District") as of and for the year ended August 31, 2011 which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 1, the District prepares its financial statements on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, each major fund and the discretely presented component unit of the District as of August 31, 2011 and the respective changes in financial position - cash basis, thereof for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 4, 2011 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The required supplementary information, as listed in the accompanying table of contents, including Management's Discussion and Analysis and the required Budgetary Comparison Schedules and Notes, is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and do not express an opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Other Budgetary Schedules, as listed in the table of contents under "Other Supplementary Information" and the Schedule of Expenditures of Federal Awards, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations,* are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole on the basis of accounting described in Note 1. The Other Budgetary Comparison Schedules and Notes have not been subjected to the auditing procedures applied in the audit of the financial statements taken as a whole on the basis of accounting described to the auditing procedures applied in the audit of the auditing procedures applied in the audit of the auditing procedures applied in the audit of the basic financial statement and, accordingly, we express no opinion on them.

MANAGEMENT'S DISCUSSION & ANALYSIS

I. USING THIS ANNUAL REPORT

This annual report is presented in a format consistent with the presentation requirements of GASB Statement No. 34 – Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments.

A. Report Components

This annual report consists of five parts as follows:

1. Government-wide Financial Statements

The Statement of Net Assets–Cash Basis and the Statement of Activities–Cash Basis provide information about the activities of the District government-wide (or "as a whole").

2. Fund Financial Statements

Fund financial statements focus on the individual parts of the District's government. Fund financial statements also report the District's operations in more detail than the governmentwide statements by providing information about the District's most significant ("major") funds. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending.

3. Notes to the Financial Statements

The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

4. Required Supplementary Information

This Management Discussion and Analysis (MD&A) and the General and Special Revenue Funds Budgetary Comparison Schedules represent financial information required to be presented by the GASB. Such information provides users of this report with additional data that supplements the government-wide statements, fund financial statements, and notes to the financial statements (referred to as "the basic financial statements").

5. Supplementary Information

This part of the annual report includes the schedule of federal expenditures and the remaining Funds' Budgetary Comparison

Schedules. This supplemental financial information is provided to address certain specific needs of various users of the District's annual report.

B. Basis of Accounting

The District has elected to present the government-wide and the fund financial statements using the cash basis of accounting. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Basis of accounting is a reference to when financial events are recorded, such as the timing for recognizing revenues and expenses. Under the District's cash basis of accounting, revenues are recognized when cash is received by the District and expenditures are recognized when cash is disbursed by the District. Only cash and investment balances are reported as assets; liabilities are not recorded. Therefore. when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

C. Reporting the District as a Whole

1. The District's Reporting Entity Presentation

The District's financial statements are presented as the primary government and include all significant schools, departments, activities and organizations for which the District is financially accountable. The District has determined there is only one component unit that meets the criteria as set forth by GASB for inclusion in the financial statements.

2. The Government-wide Statements

The government-wide financial statements are presented on pages 11 and 12. One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets – Cash Basis and the Statement of Activities – Cash Basis report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all of the District's activities resulting from the use of the cash basis of accounting; except for activities related to the Activities Fund and Student Fee Fund which are reported in separate statements on page 15.

These two government-wide statements report the District's net assets and changes in them. Over time, increases or decreases in the District's cash and investments are one indicator of whether its financial health is improving or deteriorating. The reader also needs to consider the other assets and liabilities which are not presented in these financial statements and other non-financial factors, such as changes in the District's capital assets (mainly buildings) to assess the overall health of the District.

3. The Fund Financial Statement

The analysis of the District's major funds begins on page 13. The fund financial statements begin on page 28 and provide detailed information about the District's funds – not the District as a whole.

Some funds are required to be established by State law, however the District is allowed to establish certain other funds to help it control and manage money for particular purposes.

The District's two kinds of funds (i.e., governmental funds and fiduciary funds) use different accounting approaches.

- a. Governmental Funds Most of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the cash and investment balances left at year-end that are available for spending. Governmental fund information helps you determine (through a review of changes to fund balances) whether there is more or less available cash and investments that can be spent to finance the District's programs. The District considers all of its funds to be significant or major governmental funds.
- b. Fiduciary Funds These funds are used to account for assets that are held in a trustee or fiduciary capacity such as the school's activities and student fee funds.

The District currently has no proprietary funds. Proprietary funds are used to account for funds in which the District would charge a fee to customers to help it cover all or most of the cost of certain services it provides.

I. OVERVIEW OF DISTRICT

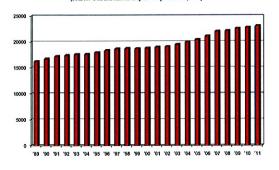

A. Schools

The Millard Public Schools is a K-12 school system located in the southwestern part of the Omaha, Nebraska metropolitan area. The District is composed of 3 high schools (grades 9-12), 1 career center (grades 11-12), 6 middle schools (grades 6-8), and 25 elementary schools (grades K-5). With the exception of two elementary schools, all buildings are located in Douglas County. Approximately 90% of the taxable property value of the District is located in Douglas County. The other 10% is in Sarpy County.

B. Students

Over the past few decades, there has been substantial growth in student enrollment in the District. In the fall of 1977, student enrollment was 9,267. The student enrollment as of September 20, 2011 was 23,055 (see, Chart 1).

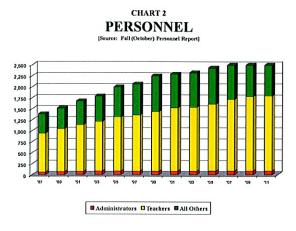

CHART 1
PK-12 STUDENT ENROLLMENT
[Source: Fall Enrollment Report - September 20, 2011]

C. Personnel

The growth in student enrollment has been accompanied by a similar growth in the number of employees working for the District (see, Chart 2).

The growth in the number of employees, of course, has impacted the budget for personnel costs. In addition to the growth in the number of employees, the personnel budget has been impacted by the District's increases in salary and benefits for all employees (in order to remain competitive with other employers). The increase in salary and benefits for employees in FY11 was about 4.9%.

D. Valuation

The assessed value of property within the District has been increasing due to the revaluing of property and the growth in both new residential and new commercial developments in the area (see, Chart 3).

The rate of growth in property values in the District has fluctuated from year to year. In recent years, the highest value growth was in 2000 when the growth was 16.5%. The valuation growth, however, has begun to level out. In 2011, the growth was only 0.9%.

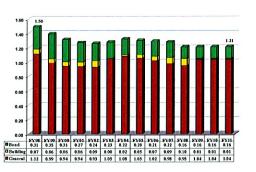

E. Tax Levy

Three of the District's funds receive monies through the property tax levy. These three are the general fund, the special building fund, and the bond fund. These funds are discussed in more detail herein below.

As property valuations in the District increased, the property tax levy trended downward despite the passage of an \$89 million bond issue in 1997 and a \$78 million bond issue in 2005. With the flattening of property values, the tax levy became flat as well. The levy for the past four years has remained at \$1.21 (see, Chart 4).

F. Statutory Lids

The Nebraska legislature has enacted statutes which provide two "lids" on the school district's budgets. One is a spending lid. The other is a tax levy lid.

When first introduced, the spending lid provided that district budgets could increase by a specific statutory percentage over the prior year (with some exclusions). Later, however, the legislature changed to calculations to permit an option whereby the lid was based upon "formula needs." This change gave the district significantly more spending authority. The District, however, did not increase its budgets to this higher limit.

In addition to the spending lid, the Nebraska legislature provided for a lid on the tax levies of school districts (and other political subdivisions). The statutory lid is \$1.05 per one hundred dollars of value in the District. There are some exclusions to this lid that increase the effective tax lid to about \$1.11 (including the levies for the general fund and the special building fund). The District, however, has opted to hold its tax levy (i.e., general fund plus building fund) at \$1.05.

In brief, during FYE11, the District operated under budgets and levies that were well within both the spending and levy lids.

IV. FUNDS

A. General Fund

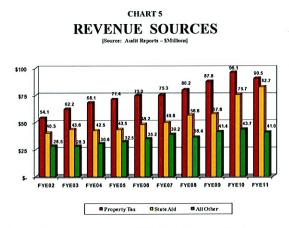

Nebraska Department of Education Rule 92 NAC 2 §003.03A provides in relevant part as follows:

The General Fund may finance all facets of services rendered by the school district, inclusive of operation and maintenance.

The general fund is funded by three major categories of revenue – property taxes, state aid, and other sources (i.e., grants, fines, vehicle licenses, state apportionment, etc.).

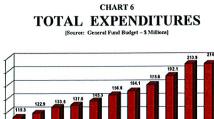

During the past few years, the proportion of the funding from each of these sources has shifted somewhat and the District has become more reliant upon property taxes than any other source (see, Chart 5). [Note: "All Other" includes changes, if any, in cash reserve.]

It should be noted that the District is now one of eleven schools in the Douglas and Sarpy County Learning Community. All schools in the Learning Community had a 95-cent general fund common levy that was collected uniformly throughout the two counties and distributed to the schools by way of a statutory formula. The formula was primarily driven by student enrollment. Under this new tax distribution arrangement, the District received about \$2.4 million dollars in revenue over the previous system of distribution.

The total increase in the FYE11 budget of expenditures was only 0.5% over the preceding year (see, Chart 6).

The FYE11 general fund budget was directed primarily towards the continuation of existing programs and services.

FYE01 FYE02 FYE03 FYE04 FYE05 FYE06 FYE07 FYE08 FYE09 FYE10 FYE11

The FYE11 budget provided for a 4.9% increase in salaries and benefits for teachers (i.e., the largest group of employees). The salary and benefits packages for other employees were similar to that granted to the teachers.

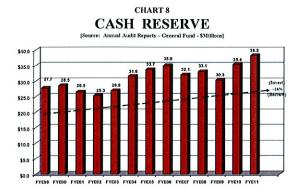

Since education is a service industry, a majority of its costs are tied up in employee costs. Approximately 80% of the District's general fund expenditures are related to employee salaries and benefits.

Of the services provided by the District, the largest portion of the budget was related to classroom instruction and support. Special Education (including transportation for special education students) was third (see, Chart 7).

The FYE11 budget was constructed to increase the cash reserve. At the end of FYE11, the cash reserve was up \$2.8 million from the preceding year (see, Chart 8). The District plans to budget for a cash reserve equal to 15%-20% of its budget of expenditures for the fiscal year.

The cash reserve provides the District with monies to pay its obligations (e.g., payroll)

during the year when it has not yet received sufficient property taxes or state aid to cover those obligations.

With a sufficient cash reserve, the District has funds to invest when they are not needed to meet obligations. If the reserve is not sufficient (i.e., less than about 16%) the District has to temporarily borrow money to meet its cash flow obligations.

When borrowing is required, the District borrows first from its other funds, namely the special building fund. The second line of funding is from commercial banks.

B. Special Building Fund

Nebraska Department of Education Rule 92 NAC 2 §003.03H provides in relevant part as follows:

A Special Building Fund shall be established when a school district decides to acquire or improve sites and/or to erect, alter, or improve buildings.

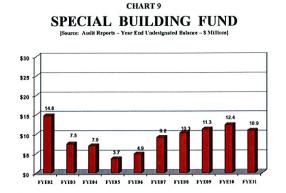

In FYE11, the District directed 1¢ of its levy to the building fund. The proceeds were available for major capital replacement projects (e.g., replacing roofs, parking lots, HVAC equipment, etc.).

The special building fund also contains the proceeds from bond issuances.

During FYE05, the District's residents voted in favor of a \$78 million dollar bond issue to construct new buildings and to renovate existing ones. The first \$30 million of approved bonds were issued during FYE05. The remaining \$48 million of bonds were issued in FYE06. All projects (except for some purchases of related to these bond issuances have been completed.

The FYE11 ending balance in the Special Building Fund was \$20.7 million. This amount included the remaining proceeds (mainly interest on investments) from the bonds noted above.

Of this \$20.7 million ending balance, only \$10.9 million was not designated to existing obligations for capital projects, technology purchases, and existing leases (see, Chart 9).

The "existing leases" noted above represent lease purchase payments related to the purchase and renovation of the Ron Witt Support Services Center. These future commitments total about \$1.7 million per year for the next five years.

C. School Lunch Fund

Nebraska Department of Education Rule 92 NAC 2 §003.03F provides in relevant part as follows:

The School Lunch Fund is required to accommodate the financial activities of all Child Nutrition Programs. These include the School Lunch, School Breakfast, Special Milk, Child and Adult Care Food, and the Summer Food Service Programs. The District maintains a food service program in each of its schools. In the past, the District's food service program has been self-supporting (i.e., the revenue has been sufficient to cover all direct expenses but not indirect expenses). Although the food service programs in some of the smaller elementary schools operate at a deficit, this deficit has generally been offset by the additional revenues generated at the larger and more efficient secondary schools.

In FYE04, the District elected to outsource the management of its food service program with Aramark. Beginning in FYE09, the management of the program changed to Sodexho.

At the end of FYE11, the fund balance in the food service fund decreased by \$47,294 from the previous year.

As noted above, expenses (i.e., indirect costs) associated with insurance, payroll services, utilities, use of facilities, etc. are not included in the food service fund accounting. These indirect costs are paid through the general fund.

D. Employee Benefit Fund

Nebraska Department of Education Rule 92 NAC 2 §003.03C provides in relevant part as follows:

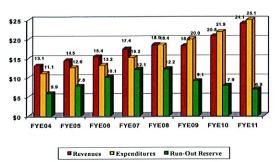

An Employee Benefit Fund may be established in order to specifically reserve General Fund money for the benefit of school district employees (unemployment compensation, early retirement, health insurance deductibles, etc.).

The District uses the employee benefit fund for expenses related to its self-funded health insurance program (which is administered by a third party administrator).

In order to fund its health insurance plan for employees, the District budgets for health insurance premium payments in its general fund. These "payments" for health insurance premiums are transferred monthly into the Employee Benefit Fund. As medical claims are filed, the third party administrator processes the claims and sends statements to the District. The District then pays the claims from the Employee Benefit Fund.

CHART 10 EMPLOYEE BENEFIT FUND

[Source: Annual Audit Report - \$ Millions

The District retains a "run-out reserve" in the Employee Benefit Fund to provide funds to pay claims that have been incurred during the year but have not yet been submitted for payment.

The goal is to have a reserve of at least 25%-30% of premiums in Employee Benefit Fund at the end of the fiscal year. The actual amount at the end of FYE11 was about 29% (see Chart 10). This was down from about 38% during FYE10.

E. Depreciation Fund

Nebraska Department of Education Rule 92 NAC 2 §003.03B provides in relevant part as follows:

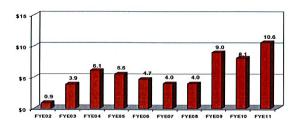

A Depreciation Fund may be established by a school district in order to facilitate the eventual purchase of a costly capital outlay by reserving such monies from the General Fund.

The monies in the depreciation fund are used to replace depreciable items. These items include copy machines, pianos, computers, printers, security cameras, band uniforms, etc. If sufficient funds are available, the monies may also be used for such things as the replacement of roofs, resurfacing of parking lots, replacing HVAC units, etc.

There are separate sub-accounts in the depreciation fund for each building in the District. There is also a district-wide account.

At the end of FYE11, the balance in the depreciation fund was \$10.6 million (see, Chart 11).

CHART 11 DEPRECIATION FUND BALANCE

F. Cooperative Fund

Nebraska Department of Education Rule 92 NAC 2 §003.03J provides in relevant part as follows:

The Cooperative Fund may be used by the school district acting as the fiscal agent for any cooperative activity between such district and one or more public agencies as defined in Section 13-803(2) R.R.S.

During FYE11, the District had no funds that needed to be accounted for in the Cooperative Fund.

G. Bond Fund

Nebraska Department of Education Rule 92 NAC 2 §003.03G provides in relevant part as follows:

The Bond Fund shall be used to record tax receipts and the payment of bond principal and interest.

During FYE05, the District issued the first \$30 million of bonds (pursuant to the passage of the \$78 million bond issue referendum in 2005).

Due to a favorable interest rate environment, the District decided to issue the remaining \$48 million of bonds during FYE06.

In FYE10, \$51,480,000 in bonds were issued to refund the 2004 and 2005 series. This resulted in an estimated savings of \$2.5 million.

At the end of the fiscal year, the District had \$135.5 million in outstanding bonds carrying average interest rates from 3.2 to 4.5%. The last bonds mature in 2025.

The District maintains bond ratings of Aa2 from Moody's and AA from Standard & Poor's.

H. Activities Fund

Nebraska Department of Education Rule 92 NAC 2 §003.03E provides in relevant part as follows:

The Activities Fund is required to account for the financial operations of quasi-independent student organizations, interschool athletics, and other self-supporting or partially selfsupporting school activities, not part of another fund.

The central office and each of the 35 schools in the District maintains its own activities fund. These funds include such things as monies received from sporting events, funds raised by student organizations, receipts from vending machines, etc. The activities funds do not receive any revenue from the general fund or any other tax-supported funds.

I. Student Fees Fund

Nebraska Department of Education Rule 92 NAC 2 §003.03K provides in relevant part as follows:

The student fee fund means a separate school district fund not funded by tax revenue, into which all money collected from students pursuant the Public Elementary and Secondary Student Fee Authorization (Section 79-1,125 to 79-2,135 R.R.S.) for participation in extracurricular activities, post-secondary education and summer and night school is deposited. Expenditures from this fund must be for the purposes for which it was collected.

Monies that are collected in student fees are deposited into the Student Fees Fund. The expenditures associated with the student programs (for which the fees were collected) are generally reflected in the Activities Fund.

Periodically throughout the fiscal year, monies from the Student Fees Fund are transferred to the Activities Fund to offset the appropriate expenditures. This Management's Discussion and Analysis (MD&A) is respectfully submitted this 5th day of November, 2011.

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

School District #17 – Millard Public Schools, Douglas County, Nebraska (the "District") is a taxexempt political subdivision and a Class 3 school district of the State of Nebraska.

Reporting Entity

The District's financial statements are presented as the primary government and include all significant schools, departments, activities and organizations for which the District is financially accountable.

The District has one component unit that has been presented discretely on the financial statements, the Suburban Schools Building Corporation ("SSBC"). SSBC is an entity originally established to construct Elementary School #23 (now known as Reeder Elementary School). Subsequent to the establishment of the SSBC, the District entered into a 7-year lease-purchase agreement with SSBC to lease Elementary School #23 which expired May 2011. Pursuant to the lease-purchase agreement between the SSBC and the District, title to Reeder Elementary Schools was transferred to the District at the end of the lease as all of the principal and interest on the bonds have been paid.

The SSBC issued bonds to fund the construction project. The lease payments were made by the District to the SSBC established in an amount sufficient to pay the principal and interest on the bonds when they came due. First National Bank of Omaha served as the fiscal agent for the receipt of the lease payments and for the payment of principal and interest on the bonds when they come due. It also served as the escrow agent for the documents related to the agreement between SSBC and the District.

Basis of Presentation

Government-wide Financial Statements – The Statement of Net Assets – Cash Basis and Statement of Activities – Cash Basis display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements present the District's financial statements as governmental activities. Governmental activities generally are financed through taxes, intergovernmental revenues and other non-exchange revenues. Alternatively, business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The District does not operate any business-type activities.

Fund Financial Statements – Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its cash, certificates of deposit, investments, fund balance, receipts and disbursements. Funds are organized into two major categories: governmental and fiduciary. The District currently has no proprietary funds. An emphasis is placed on major funds within the governmental and fiduciary categories. A fund is considered major if it is the primary operating fund of the District, meets specific mathematical criteria set forth by GASB or is identified as a major fund by the District's management. In addition to the District's funds meeting the required criteria, the District's management has designated all remaining funds to be presented as major funds for financial reporting purposes.

NOTES TO BASIC FINANCIAL STATEMENTS, CONTINUED

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

The funds of the financial reporting entity are described below:

GOVERNMENTAL FUND ACTIVITIES

<u>General Fund</u> – This fund is the primary operating fund of the District and is always classified as a major fund. It is used to account for all financing resources except those required to be accounted for in other funds. This fund also accounts for resources designated and maintained for the eventual purchase of capital assets and for the reserve of money for the benefit of School District employees for fringe benefits.

<u>Special Revenue Fund</u> – These funds are used to account for the proceeds of the specific revenue sources that are either legally restricted to expenditures for specified purposes or designated to finance particular functions or activities of the District. The reporting entity includes the following special revenue funds:

Special Building Fund – This fund accounts for taxes levied and other revenues specifically maintained to acquire or improve sites and/or to erect, alter or improve buildings.

School Lunch Fund – This fund accounts for the operations of the District's child nutrition programs.

<u>Debt Service Fund</u> – This fund is used to account for the accumulation of resources for, and the payment of, general long-term obligations principal, interest and related costs.

Bond Fund – This fund accounts for taxes levied and other revenues specifically earmarked for the retirement of bonded indebtedness.

FIDUCIARY FUND ACTIVITIES

<u>Activities Fund</u> – This fund is used to account for assets held by the District in a trustee capacity for various school organizations and activities.

<u>Student Fees Fund</u> – This fund is used to account for money collected from students that shall be expended for the purpose for which it was collected from the students.

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded, regardless of the measurement focus applied.

Measurement Focus

In both the government-wide financial statements and the fund financial statements, the governmental activities are presented using a cash basis measurement focus. Their reported net assets/fund balance is considered a measure of "available cash and investments." The operating statements focus on cash received and cash disbursed.

Measurement Focus and Basis of Accounting, Continued

Basis of Accounting

In the government-wide and the fund financial statements, the District prepares its financial statements using the cash basis of accounting. Accordingly, revenues are recognized when cash is received by the District and expenditures are recognized when cash is disbursed. This basis is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America.

This basis of accounting is applied to all transactions, including the disbursements for capital assets, receipt of proceeds from issuance of debt and the retirement of debt.

Equity Classification

Government-wide Statements

Equity is classified as net assets and displayed in two components:

- a. Restricted net assets Consists of net assets with constraints placed on the use either by 1) external groups, such as creditors, grantors, contributors or laws and regulations of other governments; or 2) law through constitutional provisions or enabling legislation.
- b. Unrestricted net assets All other net assets that do not meet the definition of "restricted." However, if the funds have been designated by the Board of Education, these funds have been shown separately to distinguish their designation.

It is the District's policy to use restricted net assets, first, prior to the use of unrestricted net assets, when a disbursement is made for purposes in which both restricted and unrestricted net assets are available.

Fund Financial Statements

Governmental fund equity is reported as fund balance within each respective fund. For governmental funds, the fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

a. Nonspendable – This fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. At August 31, 2011, the District did not have any nonspendable funds.

NOTES TO BASIC FINANCIAL STATEMENTS, CONTINUED

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Equity Classification, Continued

Fund Financial Statements, Continued

- b. Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the Board of Education to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the District can be compelled by an external party-such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.
- c. Committed This fund balance classification includes amounts that can only be used for the specific purposes imposed by formal action (resolution) of the Board of Education. Those committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the Board of Education, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.
- d. Assigned Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by Board of Education or a District Administrator delegated that authority by the Board of Education.
- e. Unassigned This fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

NOTES TO BASIC FINANCIAL STATEMENTS, CONTINUED

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Equity Classification, Continued

Fund Financial Statements, Continued

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Internal and Interfund Balances and Activities

In the process of aggregating the financial information for the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Interfund transfers, the flow of assets from one fund to another where repayment is not expected, are reported as cash receipts and disbursements.

Transfers between funds during the year were as follows:

Purpose	Receivable Fund	Payable Fund	<u>Amount</u>
Used for capital outlay items, repairs, and replacements Used to pay health insurance claims Distributes vending revenue to school	Depreciation Fund Employee Benefit	General Fund General Fund	\$ 4,824,867 22,926,493
buildings	Activity Fund	School Lunch Fund	383,061

2. BUDGET PROCESS AND PROPERTY TAXES

The District is required by state law to adopt annual budgets for the General Fund, Special Building Fund, School Lunch Fund, Employee Benefit Fund, Depreciation Fund and Bond Fund. Each budget is presented on the cash basis of accounting, which is consistent with the requirements of the state budget act.

State Statutes of the Nebraska Budget Act provide the prescribed budget practices and procedures that governing bodies are required to follow. The amounts that may be budgeted for certain specific funds are subject to various expenditures and/or tax levy limitations.

The District follows these procedures in establishing the budgetary data reflected in the accompanying financial statements:

- The Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing September 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted at a public meeting to obtain taxpayer comments.

NOTES TO BASIC FINANCIAL STATEMENTS, CONTINUED

2. BUDGET PROCESS AND PROPERTY TAXES, CONTINUED

- The budget is legally adopted by the Board of Education through passage of a resolution and is filed with the appropriate agencies on or before September 20.
- Total fund expenditures may not legally exceed total appropriations at the fund level or for "regular education" in the general fund without holding a public budget hearing and obtaining approval from the Board of Education. Appropriations lapse at fiscal year-end and any revisions require Board approval.

The property tax requirement resulting from the budget process is utilized to establish the tax levy in accordance with State statutes, which tax levy attaches as an enforceable lien on property within the District as of December 31. Taxes are due as of that date. One-half of the real estate taxes become delinquent after the following April 1, with the second one-half becoming delinquent after August 1. The combined tax rate of the District for the year ended August 31, 2011 was \$1.210000 per \$100 of assessed valuation. Included in the District's combined rate, as described above, is \$0.95 per \$100 of learning communities monies for the general fund provided based on need.

3. DEPOSITS AND INVESTMENTS

Nebraska Statutes §79-408, §79-1042 and §79-1043 provide that the District may, by and with the consent of the Board of Education of the District, invest the funds of the District in securities, including repurchase agreements, the nature of which individuals of prudence, discretion, and intelligence acquire or retain in dealing with the property of another.

Deposits

At August 31, 2011, the carrying amount of the District's deposits was \$8,321,258 and the bank balance was \$9,571,052.

	Book Balance	Bank Balance
Governmental funds Fiduciary funds	\$ 5,016,817 <u>3,304,441</u>	\$ 6,349,292 <u>3,221,760</u>
TOTAL	<u>\$ 8,321,258</u>	<u>\$ 9,571,052</u>

Included in the above amounts are \$213,974 of certificates of deposit within the fiduciary funds.

investments

Investments of \$71,398,051 consist of the Nebraska School District Liquid Asset Fund Plus and recorded at fair value. The Nebraska School District Liquid Asset Fund Plus is similar in nature to an open-end mutual fund designed specifically for Nebraska school entities, investing only in those securities allowable for such entities under Nebraska Law. Investments are reported at fair value.

Investments of \$17,373,987 consist of money market funds.

NOTES TO BASIC FINANCIAL STATEMENTS, CONTINUED

3. DEPOSITS AND INVESTMENTS, CONTINUED

<u>Risks</u>

The District attempts to mitigate the following types of deposit and investment risks through compliance with the State Statutes referred to above. The three types of deposit and investment risks are the following:

- <u>Custodial Credit Risk</u> for deposits and investments, custodial credit risk is the risk that in the event of the failure of a bank or other counterparty, the District will not be able to recover the value of its deposits or investments or collateral securities in the possession of a third party.
- <u>Credit Risk</u> for deposits and investments, credit risk is the risk that a bank or other counterparty defaults on its principal and/or interest payments owed to the District.
- <u>Interest Rate Risk</u> for deposits and investments, interest rate risk is the risk that the value of deposits and investments will decrease as a result of a rise in interest rates.

The bank balances of the District's deposits, which includes the CD's are insured through Federal Depository Insurance Corporation ("FDIC") coverage or collateral held by the District's agent in the District's name. At August 31, 2011, the entire balance was covered by federal depository insurance of collateral held by the Districts agent in the District's name.

The District's investment policy does not restrict investment maturities. The District minimizes its interest rate risk by structuring its investment portfolio so that securities mature to meet the District's cash needs, which is accomplished in part by investing primarily in short-term investments or in investment vehicles that allow for monthly cash draws.

4. FUNDS HELD BY COUNTY TREASURER

The following balances were held by the Sarpy and Douglas County Treasurers for the District as of August 31, 2011. The monies were transferred to the District subsequent to August 31 and are not included as receipts or cash balances in the financial statements:

	Sarpy County	Douglas County
General Fund	\$ 220,732	\$ 676,140
Debt Service Fund	81,719	1,002,220
Special Building Fund	5,116	62,713

5. NEBRASKA SCHOOL EMPLOYEES RETIREMENT SYSTEM

<u>Plan Description</u> - The District contributes to the Nebraska School Employees Retirement System ("NSERS"), a cost-sharing multiple-employer defined benefit pension plan administered by the Nebraska Public Employees Retirement System ("NPERS"). NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions. NPERS issues a publicly available financial report that includes financial statements and required supplementary information for NPERS. That report may be obtained by writing the NPERS, 1221 N Street, Suite 325, P.O. Box 94816, Lincoln, Nebraska 68509-4816 or by calling 1-800-245-5712.

5. NEBRASKA SCHOOL EMPLOYEES RETIREMENT SYSTEM, CONTINUED

<u>Funding Policy</u> - In accordance with Nebraska Statutes §79-1531 and §79-1540, employee contributions are made in accordance with statute and the recommendation of an actuary (study as of June 30, 1996) and employer contributions are based upon 101% of employee contributions. Employee contribution requirements for the year ended August 31, 2011 were 8.28% of covered payroll. Actual employer and employee contributions made for the year ended August 31, 2011 were \$10,268,351 (8.36% of covered payroll) and \$10,166,684 (8.28% of covered payroll), respectively.

Actual employer and employee contributions made for the year ended August 31, 2010 were \$9,731,897 (8.36% of covered payroll) and \$9,635,541 (8.28% of covered payroll), respectively. Actual employer and employee contributions made for the year ended August 31, 2009 were \$8,327,247 (7.35% of covered payroll) and \$8,244,799 (7.28% of covered payroll), respectively.

6. COMMITMENTS AND CONTINGENCIES

The commitments of the District mainly consist of bonds payable, lease commitments and risk management.

Bonds Payable

The following is a summary of general obligation transactions of the District for the year ended August 31, 2011:

Balance, August 31, 2010 Deductions:	\$ 142,910,000
Payment of principal	(7,410,000)

TOTAL	<u>\$ 135,500,000</u>	<u>\$ 42,653,070</u>	<u>\$ 178,153,070</u>

Lease Commitment

The District has non-cancelable operating lease agreements for the following:

- Thirty-three vans used for transportation of students in special education programs expiring on various dates through February 2015.
- Vehicles used by the administration and maintenance. These leases expire on various dates through April 2014.
- Classroom space with Donovan Properties for Special Education Young Adult Program. This lease expires in 2012.
- Several copiers used throughout the District expiring on various dates through 2015.

Future minimum lease payments for all leases are as follows:

Fiscal Year-end:	<u>Amount</u>
2012	\$ 201,045
2013	144,172
2014	79,133
2015	32,448

The total paid for lease commitments for the year ended August 31, 2011 was \$1,278,495 all of which was paid out of the General Fund.

In 2008-09, Certificates of Participation ("COPS") of \$4,265,000 were issued to purchase the land and building at 13737 Industrial Road. In 2009-10, \$4,200,000 of COPS were issued to renovate the building to house the Warehouse, Distribution Center, Technology Division, and other various support departments.

NOTES TO BASIC FINANCIAL STATEMENTS, CONTINUED

6. COMMITMENTS AND CONTINGENCIES, CONTINUED

Future minimum lease payments related to these COPS are as follows:

Fiscal Year-end:	<u>Amount</u>
2012	\$ 1,698,050
2013	1,700,200
2014	1,700,350
2015	1,698,450
2016	1,699,500

The total paid for these COPS lease commitments for the year ended August 31, 2011 was \$649,000, all paid out of the Special Building Fund.

Grant Program Involvement

The District participates in a number of state and federally assisted programs. These programs are subject to financial and compliance audits of various agencies and departments, many of which have not yet been performed. The District's management believes that the amount of expenditures, if any, which may be disallowed by the granting agencies would not be significant.

Compensated Absences

As a result of the District's use of the cash basis of accounting, accrued liabilities related to compensated absences (sick leave only; vacation does not vest) and any employer-related costs earned and unpaid, are not reflected in the government-wide or fund financial statements. Under the District plan, faculty, administrators and some support staff are paid \$50 to \$100 per day for any sick leave accumulated over 80 days. Employees receive 12 days of sick leave per year and cannot accumulate over 80 days. Faculty and administrators' accumulated sick leave over 80 days is paid at the end of the fiscal year.

Voluntary Early Separation Plan

The District has established a Voluntary Early Separation Plan that allows certain employees to receive benefits from the District during the period beginning when they take early retirement until their benefits from the NPERS system begin. As of August 31, 2011, the District estimates their liability under this plan at \$14,728,513 with the final obligations payable in fiscal year 2015.

Learning Community Legislation

In June, 2005, the Board of Education of the Omaha Public Schools ("OPS") adopted a resolution commonly referred to as "One City, One School District." The purpose of the resolution was to seek a "takeover" of the suburban school district surrounding OPS.

In response to the "One City, One School District Resolution," the Nebraska Legislature enacted (and the Governor signed into law) LB1024 (2006) which protected the boundaries of all of the suburban school districts, but brought all of the eleven schools in the two county area around Omaha into an "umbrella" organization referred to as a "learning community." The legislation also provided for a division of OPS into 3 separate school districts.

NOTES TO BASIC FINANCIAL STATEMENTS, CONTINUED

6. COMMITMENTS AND CONTINGENCIES, CONTINUED

Learning Community Legislation, Continued

Subsequent to the enactment of LB1024 (2006), litigation was commenced challenging its constitutionality. The litigation, however, was rendered moot after the legislature enacted LB 641 (2007). Under this new law, OPS will not be divided. The learning community concept, however, remained in place. The effective date for the creation of the new learning community was January, 2009. Under LB641 (2007), LB 988 (2008), and LB 545 (2009), the eleven school districts in the two county area began (in FY 2010) to operate under a common property tax levy for their general funds (not to exceed 95 cents per hundred dollars of valuation) and their building fund (not to exceed 2 cents). Each of the eleven districts may elect to levy an additional amount (not exceeding the statutory limit) for funding either its general fund or its building fund or both.

In October, 2009, some taxpayers in the Learning Community (most from Sarpy County) commenced legal proceedings to have the Learning Community common property tax levies declared unconstitutional. The first lawsuit was dismissed in 2010 without reaching the issue of the constitutionality of the levy. Almost immediately, new litigation was filed challenging the tax. On September 23, 2011, the Sarpy County District Court issued an opinion and order which ruled that the Learning Community tax statutes are in violation of Neb. Const. art. VIII, §IA because they are property taxes for state purposes, and are thus unconstitutional. An appeal to the Supreme Court was filed immediately by several of the Defendants (not the District) and on October 6, 2011, the Nebraska Supreme Court issued an order which stayed the execution of the District Court's decision, and on October 7, 2011 the Nebraska Supreme Court entered an order which expedited the briefing and oral argument process and schedule.

This decision raises numerous issues about the levying, payment and collection and disbursement of the \$0.95 of the District's total \$1.04 tax levy. The District will be participating in the appeal so as to advocate that if the Learning Community tax statutes are held to be unconstitutional, the ruling should be prospective to the next fiscal year. If \$0.95 had not been levied by the Learning Community, the District would have levied the same, and so taxpayers would have paid the same amount and taxpayers would not be harmed by a prospective ruling.

Litigation

In addition, the District is involved in various legal actions whereby certain parties are making claims for damages. Management believes the outcome of these proceedings will not have any material financial impact on the District.

Arbitrage

Investment earnings from bond proceeds during the current fiscal year could be subject to arbitrage rebate and other tax matters. Currently, the District's management believes that there is no liability at year-end.

Risk Management

The District is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees' health and life; and natural disasters.

NOTES TO BASIC FINANCIAL STATEMENTS, CONTINUED

6. COMMITMENTS AND CONTINGENCIES, CONTINUED

Risk Management, continued

The District manages these various risks of loss as follows:

	indiagoo inoco randao nello el		Risk of Loss
	Type of Loss	Method Managed	Retained
a,	Torts, errors and omissions	Self-funded and purchased insurance	Deductible
b.	Health	Self-funded and purchased insurance	Stop-loss
C.	Workers compensation - employee injuries	Purchased commercial insurance	None
d.	General liability	Self-funded and purchased insurance	Stop-loss
e.	Auto liability	Self-funded and purchased insurance	Stop-loss
f.	School Board liability	Self-funded and purchased insurance	Stop-loss
g.	Physical property loss and natural disasters	Purchased commercial insurance	Deductible

Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

7. EXCESS OF DISBURSEMENTS OVER APPROPRIATONS IN INDIVUAL FUNDS

During the year ended August 31, 2011, the Employee Benefit Fund had disbursements in excess of appropriations totaling \$1,375,914.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION -BUDGETARY COMPARISON SCHEDULES FOR THE YEAR ENDED AUGUST 31, 2011

1. BUDGETARY ACCOUNTING

The District prepares its budget for the Governmental Funds on the cash basis of accounting. This basis is consistent with the basis of accounting used in presenting the basic financial statements. Under this method of accounting, all unexpended appropriations lapse at the end of the budget year.

The term "Budgetary Fund Balance" used in these supplementary schedules is synonymous with the terms "Fund Balance – Cash Basis" used in the basic financial statements.

2. GENERAL FUND

Government Auditing Standards requires that for reporting purposes, the General Fund include all activity of funds that do not generate a significant amount of revenues from outside sources. Therefore, in the fund financial statements, the Depreciation Fund and Employee Benefit Fund have been included in the General Fund since their revenues are mainly derived from transfers from the General Fund. However, since the General Fund is required by state law to adopt their own budget, the respective budgetary schedule included in this section does not include the activity of the Depreciation Fund or Employee Benefit Fund.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED AUGUST 31, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Basis of Presentation</u> – The accompanying Supplementary Schedule of Expenditures of Federal Awards has been prepared on a cash basis of accounting with the exception of commodities received under the food distribution of \$669,838. Under this method, expenditures are recognized when disbursements are made. Some programs are funded jointly by District appropriations and Federal funds.

<u>Expenditure Presentation</u> – Expenditures of Federal funds for the National School Lunch Program, Medicaid in Public Schools and Food Distribution are not separately identifiable in the accounting records of the District. These programs are jointly funded with District monies and expenditures and are not required to be accumulated in the accounting records by funding source. For report purposes, the amount of Federal expenditures is shown equal to the amount of Federal funds received.

<u>Program Activity</u> – Various reimbursement procedures are used for Federal awards received by the District. Additionally, most Federal grant periods end June 30, while the District's year-end is August 31. Consequently, timing differences between expenditures and program reimbursement can exist at the beginning and end of the year. These timing differences will be resolved over the term of the grants.

2. **REPORTING ENTITY**

The District, for purposes of the Schedule of Expenditures of Federal Awards, includes all funds for which the District is financially accountable.

3. PASS-THROUGH AWARDS

The District receives certain federal awards in the form of pass-through awards from the State of Nebraska and other various agencies. Such amounts received as pass-through awards are specifically identified on the Schedule of Expenditures of Federal Awards.

4. NON-CASH AWARDS

The National School Lunch Program involves both cash and non-cash awards to the District. Such non-cash awards consist of donated commodities which are separately identified in the Schedule of Expenditures of Federal Awards. Donated commodity expenditures are determined on a first-in, first-out basis.

5. CONTINGENCIES

The District receives funds under various federal grant programs and such assistance is to be expended in accordance with the provisions of the various grants. Compliance with the grants is subject to audit by various government agencies, which may impose sanctions in the event of non-compliance. Management believes that they have complied with all aspects of the various grant provisions and the results of adjustments, if any, relating to such audits would not have any material financial impact.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education School District #17 - Millard Public Schools Douglas County, Nebraska

We have audited the financial statements of the governmental activities, each major fund and the discretely presented component unit of School District #17 - Millard Public Schools, Douglas County, Nebraska, (the "District") as of and for the year ended August 31, 2011, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 4, 2011. Our report disclosed that, as described in Note 1 to the financial statements, the District prepares its financial statements on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, the District did exceed its authorized expenditures in the Employee Benefit Fund.

This report is intended solely for the information and use of the Board of Education, management, officials of the Nebraska Department of Education, the Nebraska Auditor of Public Accounts, federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Education School District #17 - Millard Public Schools Douglas County, Nebraska

Compliance

We have audited School District #17 – Millard Public Schools, Douglas County, Nebraska (the "District") compliance with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended August 31, 2011. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2011.

Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Education, management, the Nebraska Department of Education, the Nebraska Auditor of Public Accounts, federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED AUGUST 31, 2011

FINANCIAL STATEMENT FINDINGS

2010 - 1 SIGNIFICANT DEFICIENCY

During the year ended August 31, 2010, management of the District identified significant adjustments that impacted prior year's financial statements. These adjustments were therefore presented in the fiscal year 2010's financial statements as prior period adjustments. These significant adjustments were the result of weaknesses in the design of year-end closing procedures and the District's personnel's familiarity with certain aspects of the accounting system for year-end reporting.

Status of Prior Finding: Planned corrective action completed this fiscal year.

November 14, 2011

Board of Education School District #17 – Millard Public Schools Douglas County, Nebraska

We have audited the basic financial statements of School District #17 - Millard Public Schools, Douglas County, Nebraska (the "District") as of and for the year ended August 31, 2011, and have issued our report thereon dated November 4, 2011. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility under Generally Accepted Auditing Standards and, Government Auditing Standards

As communicated in our engagement letter, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America and *Government Auditing Standards*. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the District solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding significant control deficiencies and other matters, if any, noted during our audit in our "Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on and Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the District is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during August 31, 2011.

No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. However, there are no significant estimates reugired under the basis of accounting desecribed in Note 1 to the financial statements.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the District's financial statements relate to risks associated with deposits and commitments and contingencies of the District.

Significant Difficulties Encountered During the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. There were no uncorrected/passed journal entries to report.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were no material corrected misstatements to report.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the District's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management. A copy of this letter is maintained by us.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Findings or Issues

In the normal course of our professional association with the District, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the District, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the District's auditors.

This report is intended solely for the information and use of the Board of Education and management of School District #17 - Millard Public Schools, Douglas County, Nebraska and is not intended to be and should not be used by anyone other than these specified parties.

Rules and Regulations for Purposes of Continued Employment

Professional Growth Period for Permanent Certificated Employees

Nebraska Sstate Law allows the District to amend or terminate the contract of a permanent certificated employee for failing to give evidence of professional growth as required by Neb. Rev. Stat. §79-830. Every six years permanent certificated employees shall give evidence of professional growth. Six semester hours of college credit shall be accepted as evidence of professional growth, or in the alternative, such other professional growth activities as are approved by the Board. Each permanent certificated employee's six-year period will commence on September 1 of the year coinciding with permanent certification status and on September 1 every six years thereafter.

Professional Growth Activities for Permanent Certificated Employees

Professional growth activities in connection with Neb. Rev. Stat. §79-830 shall consist of the professional work approved by the Board. The conditions and limitations pertaining to the performance and acceptance of such activities are subject to review and change by resolution of the Board of Education. Credit for engaging in a newly approved activity shall be allowed only for work done after the date of approval of the activity unless the Board provides otherwise. Where allowed by law, credit granted for any type of activity may be limited for each individual during the individual's professional growth period. This is done in order to encourage a variety of professional growth activities for each individual.

Approval of Professional Growth Credit

Except for professional growth courses and activities used to meet the requirements of Nebraska <u>Sstate Llaw</u>, each staff development activity sponsored by the District or to be undertaken by an employee for purposes of salary advancement must be approved by the Superintendent or the Superintendent's designee.

Appeal

Staff members may appeal decisions under this $\underline{\mathbf{rR}}$ ule to the <u>Associate</u> <u>Assistant</u> Superintendent for Human Resources.

Staff Development

<u>4300.2</u>

<u>The purpose of staff development is to improve student achievement through differentiated learning and</u> instructional opportunties, staff engagement, staff performance, and to improve the operations of the District. Comprehensive staff development includes both training and professional development.

Definitions:

Training is a learning experience to acquire specific skills (job target) or to meet legal requirements.

Professional development is a continual and comprehensive learning experience to help staff improve their effectiveness as professionals.

Delivery Models:

Training

Delivery models will include but not be limited to face to face workshops or an on-line learning management system. Comprehensive staff development will ensure staff members are offered training opportunities to improve job performance and workplace engagement.

Professional Development

Job-embedded professional development is included but not limited to professional learning communities for teachers in the District. Professional development will be also be offered for all staff in a variety of delivery methods including but not limited to internally and externally offered face to face and on-line courses, workshops, institutes, networks, coaching and conferences through individual, small group or large group settings.

Content:

Comprehensive staff development will support the District strategic plan and building site plans in a systemic manner.

<u>Comprehensive staff development will support the Millard Instructional Model to support the growth of all educators to</u>

- a. <u>Effectively plan differentiated instruction;</u>
- b. Promote a positive, productive learning environment to reach each student;
- c. <u>Teach the written curriculum through a variety of appropriate instructional strategies;</u>
- d. Conduct valid assessments, analyze results, and adjust instruction as needed; and
- e. Initiate meaningful professional growth and contribute to school and District improvement.

Comprehensive staff development will support the professional development and growth of all supervisors, administrators and teacher leaders through continual leadership development.

Comprehensive staff development will respond to the requirements in law and other local, state and federal mandates.

Planning:

Comprehensive staff development will use student and staff data and a collaborative method in planning, creating, and providing short term and long term professional development and training. Input and support will be gathered from representatives of all stakeholders.

Accountability:

It is the responsibility of the District to provide staff development opportunities in the form of training and professional development that assist employees in carrying out the responsibilities of their jobs. It is the responsibility of all employees to be continuously engaged in their professional growth and apply their learnings to improve their job performance. It is the responsibility of each supervisor to ensure and promote staff development so that all staff members engage in continuous improvement.

Evaluation:

The comprehensive staff development program will be continuously evaluated in order to determine the greatest possible educational benefits are being achieved.

Staff Development

6400

The purpose of staff development is to improve student achievement through differentiated learning and instructional opportunities and to improve the effective operation of the District. Educational Services and Human Resources will work collaboratively with District level and building leaders to provide staff development that supports best instructional practices focused on the written, taught, and assessed curriculum, the District-identified Practices that Promote Successful Student Learning, and the continuous improvement of knowledge and skills as they apply to the Millard Education Program (MEP).

The purpose of staff development is to improve student achievement and to improve the operation of the Millard Public Schools. The Superintendent or his or her designee shall determine the design, development and implementation of all staff development programs offered within the District.

Comprehensive staff development will:

- a. respond to initiatives of district strategic plan and building site plans in a systemic manner;
- b. ensure that all educators effectively plan instruction and promote a positive, productive learning environment;
- c. ensure that all educators are prepared to teach the written curriculum through a variety of appropriate instructional strategies;
- d. ensure that all educators are prepared to conduct valid assessments;
- e. ensure that all educators are provided the knowledge and skills necessary to demonstrate their professional responsibilities.

The Millard Public Schools will plan, deliver, implement, and evaluate a comprehensive staff development program. The design of various program plans will follow considerations outlined in the Comprehensive Staff Development Framework.

Attendance, Tardiness, and Excessive Absenteeism

5200.1

- I. <u>Attendance</u>.
 - A. <u>Attendance Accounting.</u> Attendance accounting shall be accomplished in secondary schools by recording students' attendance period-by-period, in elementary schools by recording students' attendance in the morning and afternoon, and in summer school by recording secondary students' attendance period-by-period and elementary students' attendance by the hour.
 - B. <u>Grounds for Excused Absences.</u> Students may will be granted an excused absence from school by the principal or the principal's designee for the following reasons:

1. Personal illness (a physician's verification is required after four (4) consecutive days of absence for illness).

2. Doctor or dental appointments for the student, which cannot be scheduled at a time other than during school hours.

- 3. Death or serious illness of the student's family member.
- 4. Attending a funeral.
- 5. Wedding or graduation of the student's family member.
- 6. Legal matters which cannot be arranged at a time other than during school hours.
- 7. Observance of religious holidays of the student's own faith.
- 8. College planning visits.
- 9. Matters involving student safety.
- C. <u>Insufficient Grounds for Excused Absences.</u> Students will be assigned an unexcused absence from school by the principal or the principal's designee for the following reasons:
 - 1. Family vacations or business trips.
 - 2. Personal recreational activities.
 - 3. Non-school sponsored activities and athletics (e.g., elite competitive cheer, club sports, or theater caravans).
 - 4. Babysitting.
 - 5. Birthdays.
 - 6. Work.

D. Rules Governing Absences.

1. Individuals who are authorized to submit written excuses for absences are a parent or guardian, the student if age nineteen (19), or the student if emancipated. Written excuses must be provided to the principal or the principal's designee.

If an absence is planned, a written request should be made by an individual enumerated in Section D (1) above in advance of the absence. The written request must include the date(s) and/or time of the planned absence, the reason for the absence and the signature of the person submitting the request.

Only the principal or principal's designee is authorized to approve excused absences.

Unless the District has provided prior approval of an absence, if a student is absent, the student's parent or guardian must notify the school by calling the principal's office.

2. The student's parents or guardians must call within the time specified by the school's guidelines and provide the following information: the date(s) and/or time of the absence and the reason for the absence. Failure to call within the required time frame will result in the absence being recorded as unexcused.

When a student returns to school after an absence, which has not received District approval, the student must report to the school office.

- 3. The District reserves the right to require verification from a doctor or dentist when an absence is for medical or dental reasons.
- 4. A written excuse, which is forged or contains factual misrepresentations, will subject the student to discipline under District Rule and the absence(s) will be recorded as unexcused absences.
- E. Make-up Work for Excused and Unexcused Absences.
 - 1. Schoolwork missed due to an excused or unexcused absence, must be completed to the satisfaction of each teacher whose class was missed.
 - 2. Students will have a minimum of one (1) school day for each day of absence, to make up missed schoolwork. Students who do not make up their work within the prescribed time limits will not receive credit for the work missed.
 - 3. Make up work will be provided when a student returns from an absence.
 - 4. Providing early or late semester exams is at the discretion of the building principal or the principal's designee.

II. <u>Tardiness.</u>

- A. <u>Rules.</u> The following rules shall apply to tardiness.
 - 1. Students tardy to school will not be admitted to class unless the student has the permission of the principal or principal's designee.
 - 2. Tardies will be excused or unexcused as determined by building principal or the principal's designee.

3. Each school shall adopt a set of guidelines to be used to avoid or minimize student tardiness and publish it in their student handbook.

III. Excessive Absenteeism.

- A. <u>Rules.</u> The following rules shall apply to excessive absenteeism.
 - 1. At least one attendance officer shall be appointed by the District's Board who shall enforce the provisions of Nebraska's mandatory attendance laws. If the Superintendent, a principal, a teacher, or a Board member knows of a violation of Nebraska's mandatory attendance laws by a child of school age, the child's parents, the person in actual or legal control of such child or any other person, then the Superintendent, principal, teacher, or Board member shall report the violation to the District's attendance officer within three (3) days of learning of the violation.
 - 2. If a student has accumulated five (5) absences in a school year or the hourly equivalent, the District shall render all services in its power to compel the student to attend a public, private, denominational, or parochial school, which the person having control of the student shall designate, in an attempt to address the problem of excessive absenteeism. Such services shall include, but need not be limited to, the following:
 - a. One or more meetings between a school attendance officer, school social worker, or the school principal or a member of the school administrative staff designated by the school administration if a school social worker is unavailable, the student's parents or guardians, and the student, if necessary, to report and to attempt to solve the problem of excessive absenteeism, unless the officer or worker has documented the refusal of the parents or guardians to participate in such meetings;
 - b. Educational counseling to determine whether curriculum changes including, but not limited to, enrolling the student in an alternative education program that meets the specific educational and behavioral needs of the student, would help solve the problem of excessive absenteeism;
 - c. Educational evaluation which may include a psychological evaluation to assist in determining the specific condition, if any, contributing to the problem of excessive absenteeism, supplemented by specific efforts by the school to help remedy any condition diagnosed; and
 - d. Investigation of the problem of excessive absenteeism by the school social worker, or if a school social worker is unavailable, by the school principal or a member of the school administration staff designated by the school administration, to identify conditions which may be contributing to the problem. If services for the student and the student's family are determined to be needed, the school social worker or the school principal or a member of the school administration staff performing the investigation shall meet with the parents or guardians and the student to discuss any referral to appropriate community agencies for economic services, family or individual counseling, or other services required to remedy the conditions that are contributing to the problem of excessive absenteeism.
 - e. Prevention and early intervention procedures, service coordination, cooperative efforts, and information sharing, in accordance with the Superintendent's Plan pursuant to Neb. Rev. Stat. § 79-2121.

B. Notification.

- If a student has accumulated five (5) eight (8) absences in a school year or the hourly equivalent, the District shall will send written notice to the student's parents or guardians regarding the State mandatory attendance and excessive absenteeism laws. If any of the absences are due to documented illness that makes attendance impossible or impracticable, then the notice to the student's parents or guardian shall indicate the number of absences due to such.
- 2. If a student has accumulated ten (10) absences in a school year or the hourly equivalent, the District will continue to assist the student's parents or guardians in removing any obstacles preventing regular school attendance. The District may request assistance from the county attorney of the county in which such student resides. The County Attorney's Office may elect to send written notification to the student's parents or guardians regarding the absences. shall send a second written notice to the student's parents or guardian regarding the State mandatory attendance and excessive absenteeism laws. In addition, The District shall send notification to the county in which such student resides. If any of the absences are due to documented illness that makes attendance impossible or impracticable, then the notice to the student's parents of absences due to such.
- 3. If a student has accumulated fifteen (15) absences in a school year or the hourly equivalent, the District will send written notice to the student's parents or guardians regarding the State mandatory attendance and excessive absenteeism laws. If any of the absences are due to documented illness that makes attendance impossible or impracticable, the notice to the student's parents or guardians shall indicate the number of absences due to such.
- 4. If a student is absent more than twenty (20) days in a school year or the hourly equivalent, the attendance officer shall will file a report with the county attorney of the county in which such student resides. Notification to the county attorney shall be in writing, and shall include the student's and parents' names, address, number of excused and unexcused absences, number of absences due to documented illness that makes attendance impossible or impracticable, and copies of all other relevant information regarding the student's attendance and excessive absenteeism.
- 5. If a student has a history of being chronically absent from school, the District shall render any and all services in the District's power to compel the student to attend school.
- C. <u>Students on Probation</u>. If a student on probation who has previously been expelled from the District is attending school pursuant to Nebraska law governing students on probation, prior to the re-admission of the student to the school, school officials shall meet with the student's probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school as well as educational objectives that must be achieved. The school may expel such a student for subsequent actions which violate District Rule 5400.6. Such a student shall be screened by the District for possible disabilities and, if the screening so indicates, the student shall be referred for evaluation for possible placement in a District special education program.
- IV. <u>Students Exempt from the Mandatory Attendance Laws.</u> Students who are exempt from the mandatory attendance laws are:
 - A. Students who have obtained a high school diploma;
 - B. Students who have completed the program of instruction offered by a school which elects pursuant to state law not to meet accreditation or approval requirements;
 - C. Students who have reached eighteen (18) years of age;

- D. Students who have reached sixteen (16) years of age, but are not yet eighteen (18) years of age and their parent or guardian has signed a notarized release discontinuing the enrollment of the student;
- E. Students who will reach six (6) years of age prior to January 1 of the then current school year, and their parent or guardian has discontinued enrollment in accordance with District Rule 5100.2(III)(A); and
- F. Students who will not reach six (6) years of age prior to January 1 of the then current school year, and their parent or guardian has discontinued enrollment in accordance with District Rule 5100.2(III)(B).
- V. <u>Student Discipline</u>. Students who violate the provisions of this Rule, or the District's Standards of Student Conduct, or the guidelines of the building principal or principal's designee, may be subject to student discipline. Students who have excessive absences or tardies may also be subject to student discipline.

VI. Definitions.

- A. "Emancipated student" shall mean any student, under the age of nineteen (19), who is either married, or is enlisted in the military service, or unmarried and has voluntarily left home without financial support from the student's parent(s), or the student has been declared emancipated by a court of law and the conditions leading to that declaration remain unchanged.
- B. "Immediate family" shall mean spouse, parents, children, mother-in-law, father-in-law, siblings, siblings-in-law, sons-in-law, daughters-in-law, grandparents, spouses' grandparents, or any relative who is a permanent resident in the student's home or for whom the student has specific responsibility.

BOARD ACTION:

November 30, 2011

To: Dr. Keith Lutz FR: Angelo D. Passarelli RE: Calendar Committee

At your direction and that of the Board of Education, I formed the Calendar Committee. I chose to have a large committee to ensure representation from all schools. There were 20 parents, 20 teachers/staff and 6 administrators who served on the committee. Attendance at all meetings was very good. The committee had representation from staff and parents from across the district. The Calendar Committee met on November 1, 8, 15 and 29, 2011. We discussed many issues. For the first three meetings, we divided the large committee into 4 small groups so every voice could be heard. Each small group reported out to the large group at the end of the evening.

The committee looked at the data including the calendars for all metro schools. They discussed the calendar committee mission, calendar issues and looked at calendars that were based on the following board parameters:

- 1. The first semester will end at winter break.
- 2. The semesters will be as balanced as possible
- 3. We will be out of school by Memorial Day.

They were able to come to consensus on a mission that changed slightly from the previous mission.

The purpose of the Calendar Committee is to establish a time framework to maximize learning for all students. This will be accomplished by honoring the Millard Public School mission statement including but not limited to: providing time for mastery of essential learner outcomes, assessments, and allowing adequate professional development, and planning time.

They were unable to come to consensus on a calendar that met all three board parameters but did come to consensus on one that is very close to meeting all three. In the end the committee recommendation was to allow 2 of the make-up snow days to be scheduled past Memorial Day. The committee felt that the attached calendars for 2012-13 and 2013-14 were aligned with the calendar committee's mission and the Millard Public Schools mission and allowed for learning time, necessary staff development and planning time.

The strengths of the calendars include:

- 1. A slightly later stating day which responded to the number of calendar comments relating to our early start dates.
- 2. A slightly imbalanced calendar (3 days) was deemed appropriate considering that the majority of the assessments were scheduled in the second semester including all of the NESA testing.
- 3. The committee thought that moving the comp day for conferences to the Wednesday before Thanksgiving was a positive idea for families of both students and teachers.

- 4. The committee concluded that a slightly shorter winter break still fits with the calendar committee mission and parameters, allows for a good break for students and staff, and helps to achieve the Board parameter of finishing school before Memorial Day.
- 5. The committee had long discussions about going to school on both Martin Luther King Jr. Day and President's Day but decided that the staff development that was conducted on one or both of these two days was important. We decided to leave them consistent with past years as nonstudent days. The committee did think that if the board felt that it was necessary to schedule all four make-up snow days before Memorial Day then our second option would be to go to school on MLK Day and Presidents' Day. The other option which many found unfavorable would be to start school in August on a Monday.
- 6. The committee discussed changing conferences but concluded that buildings should be allowed to try different approaches to conferences so we left them unchanged.
- 7. The committee moved one day from February to March to make the Spring Break longer.
- 8. The committee moved spring break to the end of 3rd quarter so that we would allow time for the state NESA testing window which is the last week in March through first week of May.
- 9. This calendar will put graduation on Memorial Day weekend in both years.

I think the committee did a fantastic job of balancing many important issues. I think the committee focused on time for student learning, professional development and planning time. I have attached the approved calendar for 2012-13 and the draft calendars for 2012-13 and 2013-14. I believe that we will be able to make these changes to calendars for future years with some minor adjustments.

Millard Public Schools 2011 Commercial Insurance Risk Management Report

Millard Public Schools' property and casualty insurance program renewed in June 2011 with positive program and premium results. We marketed the workers' compensation, multi-line package, and School Board Legal Liability (see exhibit 1), which resulted in two major changes.

- Your workers compensation was marketed and moved from United Heartland Insurance Co. to Liberty Mutual Insurance Co. The incumbent insurer wanted a significant premium increase of over \$200,000, compared to Liberty Mutual which allowed us to maintain your present cost of risk.
- 2) The Liability insurance, including School Board Legal Liability, General Liability, Fiduciary Liability, and Medical Malpractice Liability, were consolidated into a Self-Insured Retention Program underwritten by United Educators Insurance Company. The potential savings to Millard Public Schools is \$294,997, assuming your average liability claim costs remain at or below the normal \$75,000 average incurred per year. The self-insured retention is \$100,000 on any one loss, inclusive of costs of defending claims. However, defense expenses do not reduce the \$5,000,000 available annual aggregate limit.

While the "cost of risk" continues to be positive for Millard Public Schools overall, we did have a small increase of premium in the workers' compensation line. This was due to adverse loss ratios during the past three years, which result in an increase in your "Experience Modification Rating Factor", which went from 1.00 to 1.05. The WC premium rate cost per \$100 of payroll in 2010 was .641, and in 2011 it is .667 (see historical trend analysis exhibit 2).

Despite the increase in the workers' compensation area, Millard Public Schools overall cost of risk remains below national peer average comparisons by 3.2% (Risk and Insurance Management Society, Inc. 2010 Report).

The 2011 year risk management activities were also significant in time and results. Below is a highlight of these activities:

- Comprehensive study of your ten year loss trends to illustrate the benefit of accepting the new Self-Insured Retention Program.
- An update of the Risk Analysis specific to the GL, Auto, SBLL, Fiduciary and WC, which included numerous meetings with MPS administrators.
- Semi-annual claim reviews were held with Ken Fossen and Chad Meisgeier.
- Loss control inspections of several schools.

- Liberty Mutual Initial Loss Prevention Orientation meetings were held with the MPS Human Resource staff, and reviewed MPS' loss control programs.
- Held ongoing loss control awareness meetings with administrators, Sodexo managers, and staff.
- Reviewed MPS's contractual risk transfer with selected vendors, suppliers, and service contractors.

Nebraska Political Subdivision Tort Liability Act:

The following is a reminder of the protection afforded to Nebraska Political Subdivisions as respects to settlement of damage claims:

1) The law applies only to political subdivisions as defined under the Nebraska Political Subdivision Tort Liability Act § 13-926 (See attached Exhibit 3)

- \$1,000,000 any one person
- \$5,000,000 for all claimants in any single occurrence

2) The limitation of liability is only applicable to claims within Nebraska jurisdictional laws, but it does not apply to tort claims under federal laws. Most Employment Practice Liability, Employee Benefit Liability and Fiduciary Liability claims are subject to federal law, and thus not protected by the Nebraska Political Subdivision Tort Liability Act.

3) Any liability claim activity occurring outside of Nebraska is an unlimited exposure.

4) The purchasing of higher insured limits has no impact on the capitation of damage afforded under the Tort Liability Act.

The Future Market:

While the 2011 insurance market remained stable, most market indicators predict upward pressure on premiums for 2012. These changes result from poor underwriting results caused by a significant increase in the number and costs of natural disasters occurring throughout the United States, and also from the lack of investment returns necessary to sustain a soft market.

Respectfully submitted,

Don Kamins Vice President Bill Johnson Sr. Vice President Bill Unger Vice President

School District #17 of Douglas County Millard Public School District

Chapter 13. Cities, Counties, and Other Political Subdivisions

Article 9. Political Subdivisions Tort Claims Act

Current through the 2011 legislative session

§ 13-926. Recovery under act; limitation; additional sources for recovery

The total amount recoverable under the Political Subdivisions Tort Claims Act for claims arising out of an occurrence after November 16, 1985, shall be limited to:

(1) One million dollars for any person for any number of claims arising out of a single occurrence; and

(2) Five million dollars for all claims arising out of a single occurrence.

If the damages sustained by an innocent third party pursuant to section 13-911 are not fully recoverable from one or more political subdivisions due to the limitations in this section, additional sources for recovery shall be as follows: First, any offsetting payments specified in subsection (3) of section 13-911 shall be reduced to the extent necessary to fully compensate the innocent third party; and second, if such reduction is insufficient to fully compensate the innocent third party, the right of reimbursement granted to the political subdivision in subsection (2) of section 13-911 shall be reduced to the extent necessary to fully compensate the innocent third party.

Laws 1985, Second Spec. Sess., LB 14, § 2; R.S.Supp.,1986, § 23-2419.01; Laws 1996, LB 952, § 2.

Note:

The damage cap embodied in this section applies to all political subdivisions of the State of Nebraska, which together create a single class of tort-feasors to which the Legislature has chosen to apply uniform rules and procedures governing tort liability. By limiting the tort liability exposure of all political subdivisions in exactly the same manner, the Legislature has enacted a general law which does not contravene the constitutional prohibition of special legislation. Staley v. City of Omaha, 271 Neb. 543, 713 N.W.2d 457 (2006).

The fact that an insurer provided liability insurance coverage for that portion of a county's potential liability for a single occurrence which exceeded its legal liability to a single claimant cannot be viewed as creating any rights on the part of injured persons to recover more from the insurer than its insured was legally obligated to pay. Molina v. American Alternative Ins. Corp., 270 Neb. 218, 699 N.W.2d 415 (2005).

When a county's "legal obligation" to an injured party has been paid by the county and its underlying insurer, the county's "legal obligation to pay" has been fully satisfied under subsection (1) of this section, and an insurer providing the county with a commercial umbrella policy could have no contractual liability to an injured party for that portion of his or her proven damages which exceeded the statutory cap. Molina v. American Alternative Ins. Corp., 270 Neb. 218, 699 N.W.2d 415 (2005).
