MILLARD PUBLIC SCHOOLS SCHOOL DISTRICT NO. 17

A meeting was held of the Board of Education of the School District No. 17, in the County of Douglas in the State of Nebraska. The meeting was convened in open and public session at 6:00 p.m., Monday, February 20, 2012, at the Don Stroh Administration Center, 5606 South 147th Street.

Present: Dave Anderson, Mike Pate, Linda Poole, Patrick Ricketts, Mike Kennedy, and Todd Clarke

Notice of this meeting was given in advance thereof by publication in the Daily Record on Friday, February 17, 2012; a copy of the publication is being attached to these minutes. Notice of this meeting was given to all members of the Board of Education and a copy of their Acknowledgment of Receipt of Notice and the agenda are attached to these minutes. Availability of the agenda was communicated in advance notice and in the notice of the Board of Education of this meeting. All proceedings hereafter shown were taken while the convened meeting was open to the attendance of the public.

At 6:00 p.m. Dave Anderson called the meeting to order and announced the Public Meeting Act is posted on the wall and available for public inspection. Mr. Anderson asked everyone to say the Pledge of Allegiance

Roll call was taken and all members were present.

Motion by Mike Kennedy, seconded by Linda Poole, to approve the Board of Education Minutes from February 6, 2012 to approve the bills, and receive the treasurer's report and place on file, upon roll call vote, all members voted aye. Motion carried.

Superintendent's Comments:

1. No students or staff today because of President's Day.
2. The next Committee meeting will be next Monday, February 27, 2012 with a demonstration for student identification on buses. Also, a representative from the Wiese Corporation will be here to go over the post bond survey they conducted.
3. A week ago an estimate of State Aid was made and the District would receive a lesser amount than anticipated, but by lengthening the school day the District will see an increase in State Aid.

Board Comments:

Mike Pate said the Learning Community met last Thursday. Mr. Pate reported there was approval of funding for the various Elementary Learning Center for each Sub-Council. Millard is in Subcouncil #4 and will receive \$131,274.30.

Mr. Pate said there were a lot of congratulations going around among some Learning Community members due to the outcome of the State Supreme Court ruling on the common levy lawsuit. Mr. Pate still questions why the Learning Community was involved in the lawsuit in the first place.

Patrick Ricketts announced he will be at Millard West participating in their speech interviews. He also will be attending some of the elementary buildings to read.

Mr. Ricketts advised the board members he will not be at the March 12, 2012 Committee meeting.

Dave Anderson highlighted his trip to Washington, D. C. in his participation in the Federal Relation Network Conference. He said he was able to meet with most of the representatives from Nebraska and talked about the same things that have been talked about for the last several years, which included ESEA (No Child Left Behind), Special Education funding, Title One funding, and Federal Common Core Curriculum Standards. All of the representatives agree that many of these items need to be done, but none think it will happen this year, because it is an election year. Mr. Anderson said it is frustrating when you talk about the same things year after year, and nothing gets done.

Motion by Linda Poole, seconded by Mike Pate, to reaffirm Policy 6005 – Curriculum, Instruction, and Assessment – System Wide Planning for Curriculum, Instruction, Assessment and Staff Development, Policy 6100 – Curriculum, Instruction, and Assessment – Written Curriculum: Millard Education Program, Policy 6101 – Curriculum, Instruction, and Assessment – Written Curriculum: Accountability, and Policy 6121 – Curriculum, Instruction, and Assessment – Written Curriculum: Planning Timelines, upon roll call vote, all members voted aye. Committee Meeting Minutes
February 27, 2012

The members of the Board of Education met as a committee of the whole on Monday, February 27, 2012 at 6:00 p.m. at the Don Stroh Administration Center, 5606 South 147th Street. The topics included a demonstration for identification of bus students, and the post bond issue survey.

Present: Linda Poole, Dave Anderson, Mike Pate, Patrick Ricketts, and Mike Kennedy

Absent: Todd Clarke

Also in attendance were Keith Lutz, Ken Fossen, and other administrators.

A representative from "Kids Ride the Bus" provided a demonstration regarding a unique system for identifying students as they get on and off buses or vans. The system identifies students via recognition of the iris of their eyes.

The cost of the system is substantial, but a local bank has offered to provide the funds for the system in exchange for including its logo and short message on the email notices that would be sent to parents whenever a student get on or off a bus or van. The district is not ready to make any decisions on this request.

Julie Smith, representative from Wiese Research Association, reviewed the survey and highlighted several reasons the community gave as to why they did or didn't vote for the bond issue. One of the major conclusions of the survey was that parent household who have children in school may have been underrepresented.

Even with the defeat of the bond issue the community was still positive by giving the District high marks in providing students with a quality education.

Board members agree there will be continued needs of the district and that there will be another bond issue, but they will continue to talk with the administration about when it will be the best time to bring another bond issue forward. The Board could always use their budget authority to provide additional funds, which they have not had to do in many years.

On Thursday, February 23, 2012, bids were received to re-roof “Areas D, E, G and H” of Ackerman Elementary School. Unit costs were also taken to replace additional deteriorated wood nailers.

A total of three (3) bids were received for this work. **The low bid received was from Scott Enterprises of Omaha, NE in the amount of \$333,795.00** This bid is just above the estimated construction cost of \$330,000.00.

RE: Millard Public Schools – North High School Phase IV – Areas “H & I” Roof Replacement
BVH Project No. M11092

Dear Mr. Fossen,

On Thursday, February 23, 2012, bids were received to re-roof “Areas H and I” of North High School. Several unit costs were also taken to replace additional deteriorated materials.

A total of three (3) bids were received for this work. **The low bid received was from Boone Bros. Roofing of Omaha, NE in the amount of \$360,000.00** This bid is above the original estimated construction cost of \$295,000.00. Field investigations conducted since the initial estimates were prepared, resulted in an increase to the scope of work, including mechanical work to facilitate reroofing, sealing joints in the structural concrete roof deck, replacement of 200+ S.F. of deteriorated metal deck, and installation of a new thermal barrier over the 13,000 S.F. metal deck area. Another factor contributing to higher bid prices, is the anticipated increase in material and transportation costs.

Boone Bros. of Omaha has completed several successful projects for the District, including South High Phase I in 2010 and Sandoz Elementary Phase II in 2007. They are a well qualified Roofing Contractor, and if additional funds are available, we recommend acceptance of their bid in the amount of \$360,000.00.

A representative from Bahr Vermeer Haecker Architects will be attending the School Board meeting on March 5th, should any questions arise.

RE: Andersen Middle School - Flooring Replacement Contract
BCDM # 3023-09

Dear Dr. Fossen:

Bids were received for the above referenced project at Andersen Middle School on Wednesday, February 22, 2012. Per the attached bid tab, five bids were received. The low base bid was submitted by Commercial Flooring Systems in the amount of \$135,000. Commercial Flooring also submitted an alternate bid for Alternate-A in the additional amount of \$30,000 for flooring replacement of nurse office, small restrooms, home economics and weight room with either porcelain tile, sheet vinyl or rubber flooring. Commercial Flooring also submitted an alternate bid for Alternate-B in the additional amount of \$24,000 for flooring replacement of science classrooms with VCT.

The overall project budget, for the lump sum base bid, was set at \$171,164.

After discussion with District staff, it was determined that although at least one alternate could be awarded within the budget set for this individual project, the District staff needs to protect the overall summer project budget, therefore we are recommending award of the base bid only.

Based upon past experience with Commercial Flooring, the base bid being well within the project budget and based upon post-bid discussion, BCDM agrees with District staff that the quality and the installed performance history of the base bid manufacturer's product in District facilities merits award of Base Bid to Commercial Flooring in the amount of \$135,000.

Please advise if you require any additional information.

Sincerely,

Project #11292: MPS Cottonwood Elementary School – HVAC Improvements

RE: Bid Proposals dated February 28, 2012

Ken:

Bids were received for the Cottonwood Elementary School: HVAC Improvements project at the Don Stroh Administration Center Conference Room A on February 28, 2012 at 1:30 p.m. Per the attached bid tab, five bids were received.

There were two alternates for this project:

- Alternate #1: Replace Five Additional Heat Pumps
- Alternate #2: Cooling Tower Drain Down Tank, Pump, and Piping

After discussion with MPS District members, the scope of work covered under each alternate was deemed necessary and provided at a cost less than what would be expected if the referenced work was pursued at a later date under a separate, stand-alone project.

Including alternates, the low bidder was Sol Lewis Engineering Company in the amount of \$291,150 (two hundred ninety one thousand one hundred fifty dollars).

Our estimate for the project construction cost (including the scope of work covered by the alternates) was \$300,000 (three hundred thousand dollars).

We recommend accepting both alternates and a contract be awarded to Sol Lewis Engineering Company in the amount of \$291,150 (two hundred ninety one thousand one hundred fifty dollars).

Please advise if you require any additional information.

Project #11293: MPS Hitchcock Elementary School – Rooftop Unit Replacement

RE: Bid Proposals dated February 28, 2012

Ken:

Bids were received for the Hitchcock Elementary School: Rooftop Unit Replacement project at the Don Stroh Administration Center Conference Room A on February 28, 2012 at 2:00 p.m. Per the attached bid tab, three bids were received.

There were two alternates for this project:

Alternate #1: RTU #5 Dehumidification Cycle & DCV
Alternate #2: RTU #6 Dehumidification Cycle

After discussion with MPS District members, it was determined the scope of work covered under each alternate did not provide significant enough improvements to the project as whole to warrant the additional cost above and beyond the original budget amount.

Excluding alternates, the low bidder was Controlled Comfort in the amount of \$95,124 (ninety five thousand one hundred twenty four dollars).

Our estimate for the project construction cost was \$75,000 (seventy five thousand dollars).

We recommend accepting the base bid only and a contract be awarded to Controlled Comfort in the amount of \$95,124 (ninety five thousand one hundred twenty four dollars).

Please advise if you require any additional information.

Sincerely,

Nate Sheets, P.E.
Project Manager

Legislative Update

March 5, 2012

The Education Lobby was told by Senators Adams that it is unlikely that additional funds will be appropriated above the current 852 million. The 60 million in funding that is being talked about will likely be used for HHS. It also appears that the Governor's tax cut is unsustainable.

Bills of special interest

LB 446 introduced by Senator Adams was advanced. This bill restores ESU 18 and 19 for Lincoln and Omaha.

LB 996 introduced by Senator Wightman eliminates the option of dropping out at age 16 advanced on General File.

LB 933 introduced by Senator Ashford also appears on the General File agenda. This bill changes the rules for truancy.

I attached all of the bills we are tracking this session.

National News

Obama encourages states to stop cutting education funds

Some states have gone too far in cutting funds for education, President Barack Obama told governors attending a luncheon on Monday. While he acknowledged the states' financial difficulties, he encouraged them to stop cutting funds for education while continuing to enact reforms. "Nothing more clearly signals what you value as a state than the decisions you make about where to invest," Obama said. "Budgets are about choices, so today I'm calling on all of you: Invest more in education, invest more in our children and in our future."

Teacher-evaluation reform is problematic in some states:

About a dozen states have agreed to evaluate teachers in new ways in an effort to receive federal Race to the Top funds. However, some states have encountered problems with the evaluations, which include more classroom observations and emphasis on standardized testing. In Tennessee, principals say the evaluations are burdensome and, in some cases, do not reflect teachers' effectiveness. Delaware was unable to adopt a system based on student growth because of a lack of data, and Maryland has postponed a similar requirement.
