BOARD OF EDUCATION OATH OF OFFICE

The citizens of the Millard School district have entrusted in you the education of the children in this community.

It is your "moral and ethical responsibility to function courageously and impartially to assure the greatest good to the greatest number at all times." You "shall represent open-mindedly the entire school district...recognizing that the schools belong to the people."

You must devote time, thought, and study to school activity in order to make creditable decisions.

You must work with fellow board members in a spirit of harmony and cooperation, in spite of differences of opinion.

You will know that at all times, as an individual, you have no legal authority outside the meetings of the board.

You must resist pressure to use your position as a school board member to benefit yourself, or any other individual or agency, apart from the total interest of the school district.

You must know that under all circumstances the primary function of the Board is to establish policies by which the schools are to be administered.

I, Linda Poole, Mike Pate and Paul Meyer, do solemnly swear that I will support the Constitution of the United States and the constitution of the State of Nebraska, against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely and without mental reservation or for purpose of evasion: and that I will faithfully and impartially perform the duties of a member of the Millard School Board; according to law, and to the best of my ability. And I do further swear that I do not advocate, nor am I a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence; and that during such time as I am in this position I will not advocate nor become a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence. So help me God.

Linda Poole, Mike Pate and Paul Meyer, do you accept the responsibility of the position on the Millard School Board? I declare you, *Linda Poole, Mike Pate and Paul Meyer* an official board member of Millard School District #17.

As President of the Millard School Board, "I congratulate you and welcome you to one of the most important volunteer positions you will ever hold."

I, **Linda Poole, Mike Pate and Paul Meyer**; do solemnly swear that I will support the Constitution of the United States and the constitution of the State of Nebraska, against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely and without mental reservation or for purpose of evasion: and that I will faithfully and impartially perform the duties of a member of the Millard School Board; according to law, and to the best of my ability. And I do further swear that I do not advocate, nor am I a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence; and that during such time as I am in this position I will not advocate nor become a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence. So help me God.

Health is a state of physical, mental and social well-being. Wellness is the highest level of health that can be achieved. It is essential that students receive sound health education that promotes, reinforces, supports and enhances wellness behaviors.

The Millard Board of Education is committed to a sound, comprehensive health education program that is an integral part of each student's general education. Such programming shall be in compliance with any laws, rules and regulations currently in force and any others which may emerge in the future.

Students will learn positive behavior strategies that will enable them to screen media messages, deal with peer pressure, and make appropriate adjustments to changes that occur throughout their lives. Students will be equipped with identified strategies to avoid risk situations. Positive health behaviors based on self-respect and respect for others must be developed, supported and enhanced.

MEETING DATE: Monday, January 7, 2013

DEPARTMENT: Superintendent's Office

TITLE AND BRIEF DESCRIPTION: Designation of Official Newspaper

ACTION DESIRED: Approval Information Only

BACKGROUND: In accordance with Nebraska law and district policy, advance publicized notice is made before regular and special Board of Education meetings by a method designated by the Board and recorded in the minutes.

Since January 12, 2004, the Daily Record has been designated as the official newspaper. The Daily Record also is the official newspaper for the City of Omaha and County of Douglas. In the event that a special meeting is called after the deadline has passed for the Daily Record, the meeting is advertised in the World-Herald or Midlands Business Journal.

In addition to publication in the official newspaper, the school board meeting schedule is listed in the district calendar, Board Briefs newsletter, and district web site. Agendas are placed on the web site and posted on the bulletin board in the lobby of the Don Stroh Administration Center on Fridays before the meetings.

OPTIONS AND ALTERNATIVES: The Daily Record charges 60 cents per line; circulation is 3,500. The Midlands Business Journal charges 68 cents per line for the first week and 60 cents each additional week; circulation is 5,000. The World-Herald charges \$6.75 per line for the weekday daily rate; circulation is 136,645. The World-Herald charges \$8.20 per line for Sunday; circulation is 170,486. AGENDA ITEM: Designation of Official Depository

MEETING DATE: January 7, 2013

DEPARTMENT: General Administration

TITLE & BRIEF DESCRIPTION: Designation of Official Depository – Taking official action to designate which institutions will be used for depositing school district funds during the coming year.

ACTION DESIRED: Approval Discussion Information Only

BACKGROUND: School districts are required by Nebraska statutes to officially designate the financial institutions they will be using for the purpose of depositing funds. This action is taken at the organizational meeting in January of each year.

Currently, the First National Bank of Omaha is providing all of our banking services except for some activity fund related services which are provided by Wells Fargo Bank, US Bank, Omaha State Bank, First Westroads Bank, and Great Western Bank.

School district funds are also invested in the Nebraska Liquid Asset Fund. This is a statewide investment pool that provides secured short-term investment opportunities for Nebraska school districts and ESU's.

OPTIONS AND ALTERNATIVES: We could change depository institutions to other qualified institutions.

RECOMMENDATION: It is recommended that the district designate the First National Bank of Omaha and the Nebraska Liquid Asset Fund as the primary depositories for school district funds with the further designation of Wells Fargo Bank, US Bank, First Westroads Bank, Great Western Bank, and Omaha State Bank for school activity fund deposits.

6605.1

- I. Prohibited Expressions. Prior to publication of the student newspaper, annuals, and magazines, the classroom instructor and school principal or designee shall review classroom materials to determine their acceptability for publication. Student publications may be restricted, edited, or prohibited when, after considering the maturity level of the students, the classroom instructor, principal (or designee) determines any of the following:
- A. The expression is considered vulgar or obscene. ~~Vulgar or~~ ~~Obscene~~ expressions are those which the average person, applying contemporary community standards, would find that when taken as a whole, appeal to prurient interests; or, the ~~written materials~~ expressions depict or describe in a patently offensive way sexual conduct in a manner prohibited by applicable law; or, the obscene materials, taken as a whole, lack serious literary, artistic, political, or scientific value.
 - B. ~~¶~~The expression is considered defamatory. Expressions shall be considered ~~libelous~~ defamatory when they include ~~defamatory~~ libelous falsehoods about individuals. In order to be libelous, the ~~defamatory~~ libelous falsehood must be made with actual malice; that is, with the knowledge that it is false or with reckless disregard of whether or not it is false.
 - C. The expression invades the privacy of others. Invasion of privacy includes exploitation of an individual's personality; providing information of an individual's private affairs with which the public has no legitimate concern; or wrongful intrusion into an individual's private activities in a manner that can cause mental suffering, shame, or humiliation to a person of ordinary sensibilities.
 - D. The expression criticizes school officials or advocates violation of District Policies or Rules. Such expressions are prohibited to the extent that there is evidence that supports a reasonable judgment that substantial disruption of or material interference with the normal operation of the school or school activities will result (~~see I(F)~~, as provided in Section I (F) below.
 - E. The expression is discriminatory. ~~Discriminatory expression attacks ethnic, religious, or social groups; attacks students with disabilities; or promotes discrimination against said groups.~~ Expressions which attack or promote discrimination against groups or individuals on the basis of race, color, religion, national origin, gender, marital status, disability, or age.
 - F. The expression substantially interrupts or materially interferes with the educational process. Such expressions are prohibited when there is ~~evidence which reasonably supports a judgment that a substantial disruption of or material interference with the normal operation of school activities will occur, or injury or damage to persons or property may result if permitted. In order for a written expression to be disruptive or hazardous, there must exist clear and specific facts upon which it would be reasonable to conclude that a clear and present likelihood of an immediate and substantial disruption in the educational process would result if the expression were allowed to occur.~~ Information which causes school administrators to reasonably forecast that a substantial disruption of or material interference with the normal operation of the school or school activities may occur, or injury to persons, damage to property, or interference with the rights of others may result if permitted.
 - G. The expression is highly controversial. The publication is highly controversial and advances or advocates a certain viewpoint or lifestyle which has an inflammatory effect. An indication of whether something is controversial is whether the topic would reasonably offend some groups or would be shocking to teachers, parents, and/or students. To be prohibited under this subsection, the expression must substantially interrupt or materially interfere with the educational process.

- H. The expression constitutes sexual harassment. The expression violates District Rules ~~5210.1~~ 5010.1 or 5400.6 or constitutes ~~illegal~~ prohibited sexual harassment.

II. Guidelines for Student Memorials.

A. Yearbook Guidelines:

1. A deceased student's picture, if available, will be included with the pictures of other students in the class for the year covered by the yearbook. In addition, approximately one-fourth page will be allowed for each student who died during the year. This area will include each student's picture (if available), the student's legal name, and the dates of birth and death. The top of the page will be designated, "Memorial Page;" or; "In Memory;". If there are no student deaths there will be no memorial page.
2. For yearbooks that are delivered in the Fall, the memorial page will precede the index page. The yearbook will cover deaths from the beginning of summer through the last day of the school year. If there is a death during the summer and the student has not graduated, the student's picture will appear in the next year's yearbook.
3. For yearbooks that are delivered in the Spring, with a Fall supplement, the memorial page will be at the end of the yearbook supplement. The yearbook and supplement cover deaths that occur from July 1st through the next June 30th.

B. Student Newspaper Guidelines:

1. Because of the periodic nature of student newspapers, no memorial pictures or articles will be published. Letters to the editor of tribute to the deceased or of sympathy to family and/or friends may be published. Letters must be signed and are subject to editing, after consultation with the author(s). Staff editorials may be published, at the discretion of the editorial staff and with the approval of the newspaper sponsor.

- III. Violation of District Policy; or Rule; and/or Regulation. Students who violate District ~~Ppolicy; or Rrule; or regulation~~ governing journalism through printed material, e-mail, or any other written or electronic medium are subject to disciplinary action as set forth in District Rule 5400.1.

- IV. Request for Hearing. Any student or student group believing that the District has unfairly deprived the student or student group of their freedom of expression may request a review of the perceived deprivation by following the procedures set forth in District Rule ~~5133.1~~ 5510.1.

- V. Advertisements. Any person or entity wishing to advertise in a District publication must obtain written approval by the building principal or principal's designee prior to publication.

Legislative Update

January 7, 2013

Legislative Calendar

The calendar for the session is attached. This is a long session and includes re-forming all committees and developing a two-year budget. The first day is January 9th and the last day is June 5th.

Current Education Committee

There are four members of the committee to replace next year including the chairperson. The Education Committee meets on Mondays and Tuesdays.

Senator Greg Adams – Chairperson

Senator Bill Avery

Senator Abbie Cornett

Senator Brenda Council

Senator Ken Haar

Senator Gwen Howard

Senator Les Seiler

Senator Kate Sullivan

Education Lobby Priorities

The Education Lobby is working on the following priorities:

1. Keep the current formula and use a temporary aid adjustment factor if necessary to reduce funding.
2. Soften the Education Committee changes by adding the averaging adjustment into basic funding.
3. Seek increases in SPED funding to offset local general fund expenditures for that program.

K-12 Funding

In October the estimates on state aid for 2013-14 indicated a 10% increase was needed (about \$88 million) based on keeping the current formula intact.

The Education Committee heard testimony across the state on changes to the formula this past summer. The concepts they are promoting include eliminating the instruction time and teacher education allowances. The Education Committee concepts have reduced projected state aid to a 6% increase (about \$51 million).

Preliminary estimates indicate that these two changes have about a \$5 million dollar negative impact on Millard Public Schools. With these changes estimates show state aid increasing next year by about \$5 million (7%).

National News

Duncan wants Congress to revamp NCLB

U.S. Secretary of Education Arne Duncan is looking to Congress to revamp the No Child Left Behind Act, an effort he says the elected body needs to get serious about handling. So far, 34 states and the District of Columbia have been given waivers under the NCLB law. Noting that he will remain in the Obama administration for the "long haul," Duncan says he will concentrate his efforts on improving teacher and principal quality, and the Race to the Top grant program. Education policy advocates say the pressure will be on Mr. Duncan to use his next four years to deliver another big bang along the lines of Race to the Top, which dangled \$3.4 billion in front of states to devise bold education-improvement plans and change policies that would expand charter schools, adopt common standards, and revamp teacher evaluations.
