CWPA Project No. 13125

Dear Ed:

Bids were received for the above referenced project at the Don Stroh Administration Center Wednesday, March 19, 2014. Per the attached bid tab, seven bids were received. The low base bid was submitted by F & B Constructors in the amount of \$128,800.00. There was one alternate to add new security exit hardware to the kindergarten classroom door in the amount of \$1,200.00. The original budget for the project was \$178,512.00. The architectural/engineering estimate based on the completed construction documents was \$165,909.00.

CWPA has worked with F & B Constructors and we understand that the District has also worked with them in the past. We have talked with John Flor, Vice President of F & B Constructors. John indicated that they are comfortable with their bid and the schedule of the project. We recommend a contract be awarded to F & B Constructors for the base bid and alternate amounts for a total of \$130,000.00.

Please let me know if you need any additional information.

Re: Millard Public Schools

CLH Architect Project No. 2013-25

Dear Mr. Rockwell:

Bids were received for the above referenced project at the Don Stroh Administration Center on Tuesday, March 25, 2014 at 2:00 PM CDT. Two bids were received as shown on the attached Bid Tabulation form.

The apparent low base bid was submitted by DR. Holtze Contracting, Inc. in the amount \$328,000. There were two alternates bid for this project. Alternate No. One was to provide a completely new addressable fire alarm system and would add \$39,250.00 to the base bid. Alternate No. Two was to allow steel and CPVC plastic for fire sprinkler piping and would deduct the amount of \$16,500 from the base bid. The Executive Construction Committee recommends accepting both Alternates and when combined with the Lump Sum Base Bid would result in a total contract amount of \$350,750.00. The original Bond Issue budget for the project was \$490,760.00. The architectural/engineering opinion of probable construction cost based on the completed construction documents was \$568,488.00.

Though CLH Architects has not worked with his new company, D.R Holtze Contracting, Inc., we have had a good experience with Rex Holtze on a renovation project. We have contacted some of the references provided by D.R. Holtze Contracting, Inc. who were also satisfied with Holtze's previous companies' performance. We have met with Rex Holtze of D.R Holtze Contracting, Inc. and he has indicated that they are comfortable with their bid and the schedule. We recommend a contract be awarded to D.R. Holtze Contracting, Inc.. Following the recommendation of the Executive Construction Committee to accept both Alternates, the total contract award amount would be \$350,750.00.

Please let CLH know if additional information is needed by Millard Public Schools.

Sincerely,

RE: MPS Bryan Elementary School Renovations
 BCDM Project No. 3005-06

Dear Ken:

Bids were received for the above referenced project on Wednesday, March 26, 2014. Per the attached bid tab, three bids were received. The low base bid was submitted by Winn Construction Inc. in the amount of \$2,962,500 (with all Alternates). BCDM's estimate for this work was \$3,256,942.

BCDM Architects has not worked directly with Winn Construction and the District also reports no prior experience with Winn Construction. A pre-award interview with Winn Construction was conducted by Sampson Construction (Construction Manager), Millard Public Schools and BCDM (i.e., the District's Executive Construction Committee). Also, an A305 Contractor's Qualification Statement is on file. These sources provide the following information.

- **No Educational or Similar Project History:** The District's Construction Committee was not aware of any educational projects having been completed by Winn Construction. Further, Winn Construction did not report any such experience to the Committee either. See included A305 Contractor's Qualification Statement.
- **Project Scope Exceeds Past Experience:** Of the projects cited in the A305, only one exceeds 2 million - a "security lights and cameras" project. Other project scopes are less than 1.6 million in value. See included A305 Contractor's Qualification Statement.
- **No Project Superintendent Identified:** Terry Winn noted that current staff are scheduled on existing projects in Leavenworth and Wichita, Kansas; and that they "will hire a site superintendent with the needed experience."
- **Project Schedule Understanding:** Winn Construction noted in the interview a plan to work weekends and long hours if required to complete the project on time. When asked to share the project approach and schedule, Winn Construction replied they didn't have a plan established and cited it as "to be discussed".

Mr. Ken Fossen
 Millard Public Schools
 Page 2

- **Reference Concerns:** Sampson Construction's reference check with a representative of the Veterans Administration (VA) noted Winn Construction was good to work with and fair with change orders, however, the representative also noted Winn Construction had shortcomings in managing and supervising.

All of the above information (except the "Reference Concerns") was reviewed and discussed by the District's Executive Construction Committee at its meeting on March 27th. Based upon the information discussed at their meeting (and the interview with the Winn owners), the members of the Executive Construction Committee had concerns about Winn's ability to complete the Bryan project on time and were more comfortable recommending F&B Constructors Inc. to the board.

Subsequent to the March 27th meeting, the District's project managers, architects, and construction managers had another meeting via telephone conference call on April 1st. Additionally, the construction managers conducted further reference checks with regard to F&B Constructors. The additional information (see "Reference Concerns" above) available on April 1st provided further evidence supporting the Executive Construction Committee's position of March 27th.

A similar background check regarding project completed by F&B Constructors was conducted. Unlike Winn, F&B has completed large, complex, educational projects (including a major renovation at Hitchcock Elementary in Millard) and has a seasoned project superintendent on board who would be assigned to the Bryan Elementary Project.

In light of the above, BCDM does not take exception the District's Executive Construction Committee's recommendation to reject the low bid (Winn) and award the project contract to the second to low bid (F&B).

Please advise if you require any additional information.

Sincerely,

Kevin Schluckebier, AIA, CEFP, LEED AP

RE: Upchurch Elementary Playground Improvements – Phase II
Olsson Project No. 013-2793

Dear Mr. Fossen,

On March 20, 2014 at 11:30 am bids were publicly opened for the Upchurch Elementary Playground Improvements – Phase II. Bids were received from Dostals Construction, Inc.

The Engineer's Estimate for this work was \$41,881.00 for the project.

Olsson Associates has worked with Dostals Construction, Inc., on both Millard Public School District projects as well as others over the years and they have always performed satisfactory. Therefore, we have no reason to believe the contractor will not successfully perform on this project.

Olsson Associates recommends that Dostals Construction, Inc., with a base bid total of \$59,500.00 be awarded the contract to complete the work found at Upchurch Elementary Playground Improvements – Phase II project.

Sincerely,
Olsson Associates

Project #13160: MPS District Security Upgrade Phase 2 - Package A - Intrusion Detection
RE: Bid Proposals dated March 11, 2014

Ken:

Bids were received for the District Wide Security Upgrade Phase -2 - Package A - Intrusion Detection project in Conference Room A at the Don Stroh Administration Center on March 11, 2014 at 10:00 a.m. Package A includes all of the elementary buildings. Per the attached bid tab, three bids were received. The low base bid was submitted by Dakota Security Systems in the amount of \$284,126 (two hundred eighty four thousand one hundred twenty six dollars). Dakota Security successfully completed the majority of the District Wide Security - Phase 1 - Video Intercom and are in the process of completing punch lists and closing the project out. Dakota Security has also completed many security projects throughout the country including recent work for Gretna Public Schools and University of Nebraska at Omaha. They also perform work for the Omaha Police Department and several other government agencies. We recommend proceeding with the low bid.

The bid amount of \$284,126 is well below the project estimate of \$470,000. Many factors contributed to the bids being under budget. As design progressed, efficiencies were realized that saved cost to the district such as changes to UL requirements that allow monitoring to be performed over IP instead of over analog phone lines. Placing the new security panels in IT Rooms which are centrally located saved wiring over reusing current locations which are typically by the dock door.

The next low bid was \$420,327. This bid was considerably higher than the low bid, but much closer to the estimated budget. We confirmed with Dakota that they are comfortable with their bid amount. They indicated that they are extremely familiar with existing conditions at all of the buildings due to being the contractor on Package 1.

There was one unit price for an additional motion sensor. Dakota had the lowest unit price at \$300 (three hundred dollars).

Dakota indicated on their Bid Proposal they would finish the entire project by January 9th, 2015 which agrees with the specifications.

We recommend a contract be awarded to Dakota Security Systems in the amount of \$284,126 (two hundred eighty four thousand one hundred twenty six dollars).

Please advise if you require any additional information.

Sincerely,

Andrew Lang, PE
