

# Comprehensive Health Coverage

## Millard Public Schools Employees & Families

Millard Public Schools is proud to partner with Aetna and the Nebraska Health Network to provide a comprehensive insurance network for MPS employees. Utilizing preferred networks like the NHN helps you save money and ensure that you have access to the highest quality health care.

Nebraska Health Network unites two leading health systems in Omaha – Methodist Health and Nebraska Medicine. For Millard Public Schools, the NHN plan offering also includes Children’s Hospital and Physicians, Midwest Surgical Hospital, OrthoNebraska, and many leading independent physician groups.

Under the NHN plan, you have access to:

- More than 1,700 primary care and specialty physicians**
- 11 urgent care centers, more than 70 clinics and eight hospitals**

## What is an Accountable Care Organization and How Do Patients Benefit?

Nebraska Health Network is the Accountable Care Organization (ACO) for Methodist Health and Nebraska Medicine. An ACO is a group of hospitals, physicians and providers who work together to share financial and medical responsibility for the patient. We focus on what matters most to patients like you – quality and cost. You are at the center of the care model.

In a preferred network model, you save money when you keep your care within the network. By selecting Nebraska Health Network, you have access to our entire Network of providers including both physicians and specialists at Methodist Health and Nebraska Medicine. So whether you have complex medical

needs requiring a specialist or you need primary care services to support your growing family, Nebraska Health Network has you covered.

In an ACO, we proactively manage your care to ensure that you are current on preventive screenings, are actively taking your medications and are regularly seen by a provider. By keeping your care within the ACO providers, we have more complete data about your health, which allows us to ensure your care is coordinated. This cohesive approach eliminates unnecessary or duplicative exams and procedures and leads to **better patient outcomes** and **lower health-care costs**.

## Patient-Focused Resources

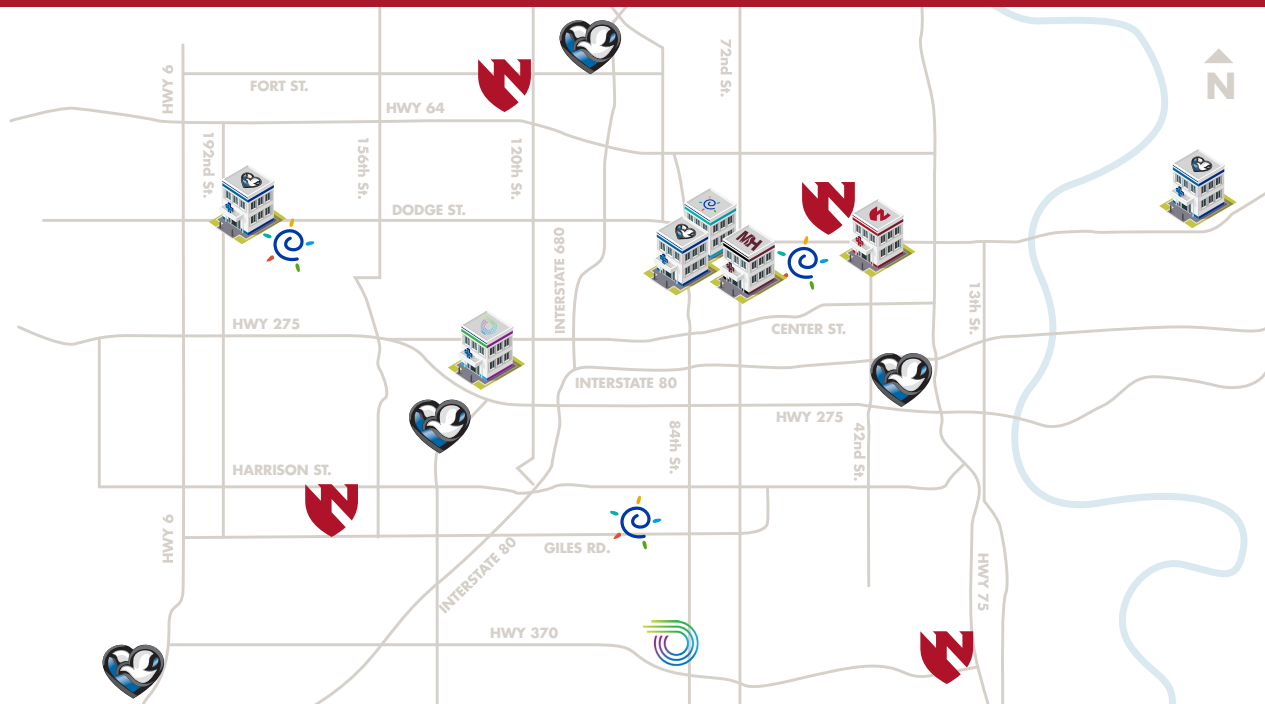

Nebraska Health Network has a number of resources to help you proactively manage your care. Whether you are looking for help addressing a chronic condition or you simply want a resource to track your medications; NHN will help you take an active role in your health.

Health benefits and health insurance plans are offered and/or underwritten by Aetna Health Inc., Aetna Health Insurance Company and/or Aetna Life Insurance Company (Aetna). Each insurer has sole financial responsibility for its own products. This material is for information only. Health benefits and health insurance plans contain exclusions and limitations. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health care services. If you are in a plan that requires the selection of a primary care physician and your primary care physician is part of an integrated delivery system or physician group, your primary care physician will generally refer you to specialists and hospitals that are affiliated with the delivery system or physician group. Information is believed to be accurate as of the production date; however, it is subject to change. For more information about Aetna plans, refer to [www.aetna.com](http://www.aetna.com).
