Use our online DocFind search tool to find a doctor or pharmacy close to you, in our networks.

- Easy to search
- Comprehensive results screens
- Clean pages

The screenshot shows the Aetna DocFind search tool interface. It is divided into two main sections: 'Already a member?' and 'Continue as a guest'. The 'Already a member?' section has a 'Login to Secure Site' button and a 'Register Now' button. Below this, it asks 'Why Register?' and 'Searching as a member is better', listing benefits like 'Get results for your plan', 'View cost estimates', and 'Select a primary care doctor'. The 'Continue as a guest' section prompts the user to enter their home location (zip, city, county or state) to access providers specific to their plan benefits. A search box contains '68118', and a dropdown menu shows '68118 (Omaha, NE)'. Below the search box is a distance slider from 0 to 100 miles and a 'Search' button.

When looking for a doctor, be sure to select your appropriate network.
