Form W-4 (2022)

General Instructions

Section references are to the Internal Revenue Code.

Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2022 if you meet both of the following conditions: you had no federal income tax liability in 2021 and you expect to have no federal income tax liability in 2022. You had no federal income tax liability in 2021 if (1) your total tax on line 24 on your 2021 Form 1040 or 1040-SR is zero (or less than the sum of lines 27a, 28, 29, and 30), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2022 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2023.

Your privacy. If you prefer to limit information provided in Steps 2 through 4, use the online estimator, which will also increase accuracy.

As an alternative to the estimator: if you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c). If this is the only job in your household, you may instead check the box in Step 2(c), which will increase your withholding and significantly reduce your paycheck (often by thousands of dollars over the year).

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

- 1. Expect to work only part of the year;
- 2. Have dividend or capital gain income, or are subject to additional taxes, such as Additional Medicare Tax;
- 3. Have self-employment income (see below); or
- 4. Prefer the most accurate withholding for multiple job situations.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

Page 2

Option (a) most accurately calculates the additional tax you need to have withheld, while option (b) does so with a little less accuracy.

If you (and your spouse) have a total of only two jobs, you may instead check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include other tax credits for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2022 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Form W-4 (2022)

Step 2(b)—Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on **only ONE** Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

1	Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3	1 <u>\$</u>
2	Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.	
	a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a	2a <u>\$</u>
	b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b	. 2b <u>\$</u>
	c Add the amounts from lines 2a and 2b and enter the result on line 2c	2c_\$
3	Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc	3
4	Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)	4 \$
	Step 4(b)—Deductions Worksheet (Keep for your records.)	#
1	Enter an estimate of your 2022 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income	1 _\$
	• \$19,400 if you're head of household	
2	 \$12,950 if you're single or married filing separately \$25,900 if you're married filing jointly or qualifying widow(er) 	2 \$
3	If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"	3 \$
4	Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information	4 <u>\$</u>
5	Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4	5 \$

Employee's Nebraska Withholding Allowance Certificate

Instructions

Purpose. The Nebraska Form W-4N was developed due to significant differences between the federal and Nebraska laws regarding standard deductions and because personal exemptions credits are allowed on the Nebraska return. Beginning January 1, 2020, the Nebraska Form W-4N will be used by your employer in conjunction with the Nebraska Circular EN to determine the correct Nebraska income tax withholding when the federal Form W-4 is completed on or after January 1, 2020. Employees who have completed the federal Form W-4 prior to January 1, 2020, are not required to submit a Nebraska Form W-4N and employers will continue to use the federal Form W-4 on file for Nebraska withholding purposes. For every federal Form W-4 employers receive, after January 1, 2020 a Nebraska W-4N must be completed. If you did not complete a federal Form W-4 prior to January 1, 2020 or beginning January 1, 2020 completed a federal Form W-4 but did not submit a Nebraska Form W-4N, your employer must withhold as if you were single and claimed no withholding allowances.

Withholding allowances directly affect how much money is withheld from your pay. The amount withheld is reduced for each allowance taken. Depending on your personal circumstances, you may not want to claim every allowance you are eligible to take. If you do not have enough state income tax withheld, an underpayment penalty may be charged.

Complete Form W-4N so your employer can withhold the correct Nebraska income tax from your pay. When your personal or financial situation changes, consider completing a new Form W-4N.

If you claim exemption from withholding, skip lines 1 and 2, write "exempt" on line 3, and sign the form to validate it. **An exemption is good for only 1 year**. You must give your employer a new Form W-4N by February 15 each year to continue your exemption. You cannot claim exemption from withholding if another person can claim you on their tax return; and your total income exceeds \$1,100 and includes more than \$350 of unearned income.

If your employer is subject to the special withholding procedures specified in the Nebraska Circular EN, you may be required to submit documentation to your employer to support your claim for exemption from withholding.

Employers

An employer may withhold an amount that is less than 1.5% of the employee's taxable wages if the employee provides sufficient documentation to verify that a lesser amount of income tax withholding is justified in the employee's particular circumstance. Documentation may include:

- Verification of number of children/dependents;
- Marital status; and/or
- The amount of itemized deductions.

Without documentation, the employee's income tax withholding must be set at 1.5% or at a higher level within the nonshaded area of the income tax withholding tables.

Penalties. The employer may be subject to a penalty of up to \$1,000 for each employee under-withheld if the employee's low income tax withholding is not substantiated.

A taxpayer who intentionally claims an excessive number of exemptions is guilty of a Class II misdemeanor.

Any person who willfully attempts to evade the Nebraska income tax is guilty of a Class IV felony.

Any person who willfully fails to withhold, deduct, and truthfully account for and pay over any income tax withheld is guilty of a Class IV felony.
